Williams Quarterly Report – 3rd Quarter 2015-2016

May 31, 2016

Brent Cushenbery, Superintendent
Point Arena Schools
P O Box 87
Point Arena CA 95468

Dear Brent:

I am pleased to provide, for submission to your governing board at a regularly scheduled meeting, the third quarterly report for fiscal year 2015-2016 which outlines the results of my visits and reviews at Point Arena High School and Arena Union Elementary for the period of January through March of 2016.

Requirements found in California *Education Code* Section 1240(c)(2)(G) pursuant to the Williams Settlement, requires that the County Superintendent of Schools or designee(s), visit all decile 1-3 schools in Mendocino County and review information in the areas noted below, and report the results of the visit(s) and review(s) on a quarterly basis.

Please note- All of the quarterly reports will be posted to the MCOE website.

The purpose of my visit(s) as specified in California Education Code 1240 was to:

1. Determine if students have "sufficient" standards-aligned instructional materials in four core subject areas (English language arts, mathematics, history/social science and science), including science laboratory equipment in grades 9-12, and, as appropriate, in foreign languages, and health;
2. Determine if there is any facility condition that "poses an emergency or urgent threat to the health or safety of pupils or staff"; and
3. Determine if the school has provided accurate data on the annual school accountability report card (SARC) related to the sufficiency of instructional materials and the safety, cleanliness, and adequacy of school facilities, including "good repair."

The law further requires that the county superintendent or designee (s):

1. Annually monitor and review teacher misassignments and teacher vacancies in schools ranked in deciles 1-3 (2012 Base API); and
2. Receive quarterly reports on complaints filed within the school district concerning insufficient instructional materials, teacher vacancies and misassignments, emergency or urgent facilities issues and CAHSEE Intensive Instruction & Services under the Uniform Complaint Procedure.

Before proceeding with the report, let me define some basic terms:

- "Sufficient textbooks or instructional materials", means each pupil, including English language learners, has a standards-aligned textbook, or instructional materials, or both, to use in class and to take home.
- A school facility condition that poses an "emergency or urgent threat" is a "condition that poses a threat to the health or safety of pupils or staff while at school."
- "Good Repair" means the school facilities are clean, safe and functional as determined pursuant to the school facility inspection and evaluation instrument (FIT Form) developed by the Office of Public School Construction. Each school district that receives state funding for facilities maintenance is required to establish a facilities inspection system to ensure that each of its schools is maintained in "good repair."

Please Note- During the facilities site inspection, the school facilities were rated on a set of 15 categories as determined on the FIT form which determined an overall facilities rating for the school (exemplary, good, fair, poor). Schools that receive an overall facilities rating of fair or poor will receive a follow up letter from the County Superintendent and another inspection will be scheduled.

The specific findings are outlined on the attached quarterly report. Please extend to your governing board, administration and site staff my appreciation for their professionalism in addressing the compliance requirements for the Williams Settlement Legislation.

Sincerely,

Warren Galletti, County Superintendent of Schools

WG/DM
