

Item 5.10

The Board has traditionally hosted a Winter Celebration as a thank you to staff. Some years the event was a paid sit down dinner at a restaurant using district funds. Other years it was a catered event at a civic location. Still others it was more like a BBQ with one or more trustees rolling up their sleeves and getting reimbursed for expenses. This is time for the collective Board to decide how they want to go about hosting this event this year, or whether or not they even want to host the event.
