Dear Eloisa Oropeza, Scott Carson, Brent Cushenberry, and PAS School Board Members,

Please accept my official resignation from Arena Union Elementary School. Deciding to resign from Arena has been one of the most difficult decisions of my life. For my family's financial future, it is necessary we relocate to an area with a more affordable cost of living and an area that offers more accessibility for our distant relatives.

In my past nine years working for Arena Union Elementary School District, I have grown as an educator and been impacted by the many powerful and inspirational staff members Arena and the surrounding professional community encompasses. I will miss their many smiling faces and creatively motivating natures along the way as well as take all the numerous lessons I learned. Many of the relationships I have made will not fade with the distance.

My experience at Arena has been an extremely positive one. I will always look back on it with such pride and happiness. I have truly enjoyed working alongside everyone at Arena Union and Point Arena Schools and wish everyone the best in their future endeavors. Plus, with family in the area, I will certainly be back for visits!

Sincerely,
