A contributing factor in the 21-22 \$260k projected surplus is due to revenue recognition rules, where for some grant funding streams the CDE requires districts to recognize revenue in the year the funds are projected to be received, as opposed to the year funds are projected to be spent. For example, the Ed. Effect. Grant is a 5-yr grant where it's planned for funds to be spent over 5 yrs. thru 25-26, however the full revenue amount is projected to be received in 21-22, with zero projected 22-23 to 25-26.

This revenue recognition rule impact on the projected 21-22 Ending Fund Balance is comprised of: Educator Effectiveness Grant (+\$115k), ELO-P funds (+\$42k), A-G grant (\$134k), SPED IDEA funds (+19k)
