About 14,800 Pacific Gas & Electric Co. customers mainly along the coast of Mendocino County — from Point Arena to Fort Bragg — lost power Tuesday morning after a tree fell onto a transmission line, officials said.

Power was restored to all customers by about 12:25 p.m., said Megan McFarland, a spokesperson for PG&E.

Power was restored to customers on a rolling basis throughout the morning. About 1009 customers in Point Arena were the last to get their power back.

Crews were performing routine maintenance on a transmission line between Willits and Fort Bragg at the same time a third-party logging company was working in the area. During their work, a tree fell on the line, triggering thousands of power failures starting about 8:30 a.m.

Crews are working to connect these customers to another transmission line, which workers had planned to do maintenance work on but didn't because of the accident.

Residences controlled by PG&E's Fort Bragg substation was hit hardest, with about 8,500 customers who lost power. At the Big River, Philo and Elk substations, about 2,600, 2,200 and 1,500 customers, respectively, lost power.

Power returns to Mendocino Coast, Anderson Valley after over 15,000 without power; outage due to log accident (updated 4:50 p.m.)

By Sarah Stierch and Kate B. Maxwell | 8 hours ago

Thanks to our fire season sponsors!

Power outage graphic

This is a developing situation and information may change. We'll update this article as more information becomes available. The most recent information will be updated at the top of the article, with the earlier reports below.

5/2/23 4:50 p.m. — This morning's outage was caused when a log that went loose during an unrelated logging operation interfered with a transmission line, PG&E spokesperson Megan McFarland told The Mendocino Voice this afternoon.

McFarland said that the company had been doing planned work on one transmission line, that was not expected to cause outages, when a log from a nearby but unrelated logging operation caused damage to another transmission line. McFarland said at that point, the company stopped the planned work, and switched to repairing the other transmission lines and shifting customers to parts of the grid that were working, noting that all power had been restored before 1 p.m. this afternoon.

McFarland, who was not on the site of the outage, did not specify which exact transmission line was impacted line, or provide additional information on what happened with the log, only stating it was a third party logging company at a different location and doing unrelated work to the PG&E planned work, but that PG&E responded once it happened.

5/2/23 1:29 p.m. — Power has been restored to over 15,000 PG&E customers on the Mendocino Coast and in Anderson Valley. In addition to the closures of Fort Bragg Unified Schools and Pacific Community Charter Schools, Anderson Valley Unified has also closed for the day.

5/2/23 11:09 a.m. — PG&E customers in the City of Fort Bragg are reporting that power is back on. Power has been restored in Westport, Rockport, and Anderson Valley. PG&E's website states that over 3,000 customers on the Coast remain without power as of approximately 8:30 a.m. Tue. May 2. Power outage status can be monitored [here](https://www.pge.com/outagecenter/) (<https://www.pge.com/outagecenter/>).

MENDOCINO Co., 5/2/22 — Residents and businesses on the Mendocino Coast woke up to power outages from Westport to Point Arena and throughout Anderson Valley on Tue. May 2. As of 10 a.m., PG&E reports that 15,516 customers remain without power, but that crews are on the scene of the outage and the cause is under investigation.

PG&E's outage map as of 10 a.m. Tue. May 2

The outage was first reported at 8:26 a.m., including over 9,000 customers in the City of Fort Bragg, including local businesses and schools.

As of 9:30 a.m. Fort Bragg Unified School District announced

<https://www.facebook.com/FortBraggUnifiedSchoolDistrict/posts/10153706147130153> that students were being released early due to the outage, which is impacting all school sites. Minutes later, Pacific Community Charter School which serves Point Arena and Elk also announced

<https://www.facebook.com/PacificCommunityCharterSchool/posts/10153706147130153> an early closure.

Here's some tips from PG&E about downed power lines and other storm safety advice:

Safety Tips

- **Never touch downed wires:** If you see a downed power line, assume it is energized and extremely dangerous. Do not touch or try to move it—and keep children and animals away. Report downed power lines immediately by calling 911 and by calling PG&E at 1-800-743-5002.
- **Use flashlights, not candles:** During a power outage, use battery-operated flashlights, and not candles, due to the risk of fire. If you must use candles, please keep them away from drapes, lampshades and small children. Do not leave candles unattended.
- **Have a backup phone:** If you have a telephone system that requires electricity to work, such as a cordless phone or answering machine, plan to have a standard telephone or cellular phone ready as a backup.
- **Have fresh drinking water, Ice:** Freeze plastic containers filled with water to make blocks of ice that can be placed in your refrigerator/freezer during an outage to prevent foods from spoiling. Blue Ice from your picnic cooler also works well in the freezer.
- **Use generators safely:** Customers with standby electric generators should make sure they are properly installed by a licensed electrician in a well-ventilated area. Improperly installed generators pose a significant danger to customers, as well as crews working on power lines. If using portable generators, be sure they are in a well-ventilated area.
- **Turn off appliances:** If you experience an outage, unplug or turn off all electrical appliances to avoid overloading circuits and to prevent fire hazards when power is restored. Simply leave a single lamp on to alert you when power returns. Turn your appliances back on one at a time when conditions return to normal.
- **Safely clean up:** After the inclement weather has passed, be sure to safely clean up. Never touch downed wires and always call 811 or visit [811express.com https://811express.com/](https://811express.com/) at least two full business days before digging to have all underground utilities safely marked.

(cf. 6146.11 - Alternative Credits Toward Graduation)
(cf. 6172 - Gifted and Talented Student Program)
(cf. 6200 - Adult Education)

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Principal or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060.
2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments.
3. Learning required concepts, as determined by the supervising teacher.
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher.

The Principle or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by Point Arena High School for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. (Education Code 51747)

The Principal or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

1. For students in grades transitional kindergarten, kindergarten, and grades 1 to 3, opportunities for daily synchronous instruction.
2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction.
3. For students in grades 9-12, opportunities for at least weekly synchronous instruction.

The Principal or designee shall ensure that procedures for tiered re-engagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. The procedures shall include, but are not necessarily limited to, all of the following: (Education Code 51747)

1. Verification of current contact information for each enrolled student.
2. Notification to parents/guardians of lack of participation within one school day of the absence or lack of participation.
3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary.
4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being.

The Principal or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later, than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more. (Education Code 51747)

The Principal or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)

Upon the request of the parent/guardian of a student, before making a decision about enrolling or disenrolling in independent study and entering into a written agreement to do so, Point Arena Schools shall conduct a telephone, videoconference, or in-person student-parent-educator conference or other meeting during which the student, parent/guardian, or their advocate may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study. (Education Code 51747)

Master Agreement

A written agreement shall be developed and implemented for each student participating in independent study for three or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but are not limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study.
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year.
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion.
7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports.
8. A statement that independent study is an optional educational alternative in which no student may be required to participate.
9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction.
(cf. 5144.1 - Suspension and Expulsion/Due Process)
10. Before the commencement of independent study, the agreement shall be signed and dated by the student, the student's parent/guardian or caregiver if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). (Education Code 51747)

If satisfactory educational progress in an independent study class is not being made, the teacher shall notify the student and, if the student is under age 18 years, the student's parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether the student should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.
