

Policy 0510: School Accountability Report Card

Status: DRAFT

Original Adopted Date: 11/01/2003 | **Last Revised Date:** 06/23/2021

The Governing Board recognizes its responsibility to inform parents/guardians and the community about the conditions, needs, and progress at each district school and to provide data by which parents/guardians can make meaningful comparisons between schools. The process of gathering and analyzing data also provides opportunities for school and district staff to review achievements and identify areas for improvement.

The Board shall annually issue a school accountability report card (SARC) for each school site. (Education Code 35256)

In preparing the district's report cards, the Superintendent or designee may choose to use or adapt the model template provided by the California Department of Education. If the model template is not used, the Superintendent or designee shall ensure that data is reported in a manner that is consistent with the definitions for school conditions as provided in the template. At least every three years, the Board shall compare the content of the district's SARCs to the state's model template, recognizing that variances are allowed by law as necessary to meet local needs. (Education Code 33126.1, 35256)

The Board shall annually approve the SARCs for all district schools and shall evaluate the data contained in the SARCs as part of the Board's regular review of the effectiveness of the district's programs, personnel, and fiscal operations.

The Superintendent or designee shall develop strategies for communicating the information contained in the SARCs to all stakeholders, including opportunities for staff and the community to discuss their content.

Notification and Dissemination of SARCs

Annually, on or before February 1 of each year, the Superintendent or designee shall publicize the issuance of the SARCs, make the SARCs available on the district's website, and notify parents/guardians that a hard copy shall be provided upon request. (Education Code 33126, 35256, 35258)

Additionally, when 15 percent or more of a school's students speak a single primary language other than English, the SARC shall be translated into that other language. (Education Code 48985)

In addition, the SARC shall be provided in an understandable and uniform format and, to the extent practicable, provided in a language that parents/guardians can understand. (Education Code 33126, 35256; 20 USC 6311)

The Superintendent or designee shall ensure that the content posted by the district on an official district social media account is accessible to individuals with disabilities.

The Superintendent or designee shall develop content guidelines and protocols for official district social media accounts to ensure public access, appropriate and responsible use, and compliance with law, board policy, and administrative regulation.

Guidelines for Content

Official district social media accounts shall be used only for their stated purposes and in a manner consistent with this policy and administrative regulation. This policy is not intended to create an open public forum or otherwise guarantee an individual's right to free speech on any of the official district social media accounts even if one or more features on the account that permit interaction with and between members of the public are enabled.

The Superintendent or designee shall ensure that the limited purpose of official district social media accounts is clearly communicated to users. Each account shall contain a statement specifying the purposes of the account, that the account shall only be used for such purposes, and any other user expectations or conditions as specified in the accompanying administrative regulation.

Official district social media accounts may not contain content that is obscene, libelous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, violation of school rules, or substantial disruption of the school's orderly operation.

Staff or students who post prohibited content or otherwise engage with an official district social media account in a manner that violates board policies and administrative regulations shall be subject to discipline in accordance with such applicable policies and regulations.

Users of official district social media accounts, and anyone who posts, replies, or otherwise leaves a digital footprint on an official district social media account, should be aware of the public nature and accessibility of social media and that such information posted or left on an official district social media account may be considered a public record subject to disclosure under the Public Records Act.

Definitions

Social media means any online platform for collaboration, interaction, or active participation, or that allows users to post content, including, but not limited to, social networking sites such as Instagram, TikTok, Facebook, X/Twitter, SnapChat, YouTube, and LinkedIn.

An official district social media account is an account on a social media platform authorized by the Superintendent or designee.

An account that contains content related to the district or comments about district operations but that has not been created based on authorization or direction from the Superintendent or designee, such as an account created by a parent-teacher organization, booster club, or other school-connected organization or a student's or employee's personal account, is not an official district social media account.

School-level employees such as teachers and coaches shall obtain authorization from the school principal before creating an official social media account.

Guidelines for Content

Each official district social media account shall contain content that is useful and appropriate for all audiences.

District employees or agents in charge of posting or adding information to an official district social media account shall ensure that copyright laws are not violated in the use of material on official district social media accounts.

The Superintendent or designee shall ensure that official district social media accounts are regularly monitored. Staff members responsible for monitoring content may remove posts or even suspend users from interacting with the account only based on viewpoint-neutral considerations, such as lack of relation to the account's purpose or violation of board policies or administrative regulations.

Each official district social media account shall, as appropriate, prominently display a link to this regulation or a statement that includes Items #1-10, below:

1. The purpose(s) of the account, such as providing information to a class, school community, athletic team, or student club; engaging with the public regarding district decisions and Governing Board meetings; and sharing information regarding employment opportunities with the district
2. Users shall use the site only for those intended purposes
3. The account is regularly monitored and any inappropriate interaction will be promptly removed, blocked, or similarly addressed. Inappropriate interactions include, but are not limited to, interactions that:

 - b. Are not related to the stated purpose of the account, including, but not limited to, threats, comments of a commercial nature, political activity, and comments prohibited by board policies and administrative regulations
4. Users are expected to communicate in a respectful, courteous, and professional manner and are personally responsible for their use of the account
5. The district is not responsible for the content posted by other users or how other users interact with the account

6. The views and comments expressed by other users on the account belong to those users and do not necessarily reflect the views of the district
7. Any user's reference to a specific commercial product or service does not imply endorsement or recommendation of that product or service by the district
8. The individual(s) to contact regarding violation of district guidelines on the use of official district social media accounts
9. Violations may be reported to the appropriate social media platform, law enforcement, or other third parties, as appropriate

 - b. A student does not have access to textbooks or instructional materials to use at home or after school

This does not require two sets of textbooks or instructional materials for each student.
 - c. Textbooks or instructional materials are in poor or unusable condition, have missing pages, or are unreadable due to damage
 - d. A student was provided photocopied sheets from only a portion of a textbook or instructional materials to address a shortage of textbooks or instructional materials

 - a. A semester begins and a teacher vacancy exists
 - b. A teacher who lacks credentials or training to teach English learners is assigned to teach a class with one or more English learners in the class
 - c. A teacher is assigned to teach a class for which the teacher lacks subject matter competency

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of the semester for an entire semester. (Education Code 35186; 5 CCR 4600)

or uninhabitable condition; or any other condition deemed appropriate. (Education Code 17592.72)

A complaint about problems beyond the authority of the principal shall be forwarded to the Superintendent or designee in a timely manner, but not to exceed 10 working days. Complaints may be filed anonymously. (Education Code 35186; 5 CCR 4680)

A complaint alleging that more than one student does not have sufficient textbooks or instructional materials as the result of an act by the Governing Board, or the Board's failure to remedy the deficiency, may be filed with the Superintendent of Public Instruction (SPI) directly in addition to or in lieu of being filed with the district. Any such complaint shall identify the basis and provide evidence to support its filing directly with the SPI. (Education Code 35186)

Original Adopted Date: 07/01/2001 | **Last Revised Date:** 06/23/2021

The Governing Board recognizes that technological resources enhance employee performance by offering effective tools to assist in providing a quality instructional program; facilitating communications with parents/guardians, students, and the community; supporting district and school operations; improving access to and exchange of information; enriching curriculum; and enhancing student learning.

District technology includes, but is not limited to, computer hardware, software, or software as a service provided or paid for by the district, whether accessed on or off site or through district-owned or personally owned equipment or devices, including tablets and laptops; computer servers, wireless access points (routers), and wireless computer networking technology (wi-fi); the Internet; email; applications (apps), including artificial intelligence (AI) apps; telephones, cellular or mobile telephones, smartphones, smart devices, and wearable technology; or any wireless communication device, including radios.

Employees shall review the prohibited and permitted uses of technology as specified in Board Policy 5131.9 - Academic Honesty, be responsible for the appropriate use of technology, and use district technology primarily for purposes related to their employment consistent with board policies and administrative regulations.

An employee may use technology, including AI apps, to assist the employee in the performance of the employee's professional duties, including, but not limited to, the following specific tasks: developing syllabi, creating curriculum, reviewing student work, suggesting instructional strategies, and researching academic content or instructional techniques. Any employee using technology, including AI, shall review and be responsible for any final product or document; not share confidential student records with a third party, such as an AI app, except as permitted by law; use the technology in accordance with Board Policy 6162.6 - Use of Copyrighted Materials, and in a manner otherwise consistent with law, board policies, and administrative regulations. If an employee is unsure about the appropriate use of technology, the employee shall confer with the Superintendent or designee before using.

As determined by the Superintendent or designee, employees shall receive professional development in the appropriate use of these resources, including in the use of AI apps.

The Superintendent or designee shall establish an Acceptable Use Agreement which outlines employee obligations and responsibilities related to the use of district technology, including the use of AI apps. Upon employment and whenever significant changes are made to the district's Acceptable Use Agreement, employees shall be required to acknowledge in writing that they have read and agreed to the Acceptable Use Agreement.

Employees shall not use district technology to access, post, submit, publish, display, or otherwise engage with harmful or inappropriate matter that is threatening, obscene, disruptive, sexually explicit, or unethical or that promotes any activity prohibited by law, board policy, or administrative regulations.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. The Superintendent or designee may disable the technology protection measure during use by an adult to enable access for bona fide research or other lawful purpose. (20 USC 7131; 47 USC 254)

The Superintendent or designee shall regularly review current guidance regarding cybersecurity, data privacy, and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, the monitoring and response to cyberattacks, ensuring data privacy, and managing suspicious and/or threatening digital media content, in accordance with Board Policy 3580 -

District Records.

The Superintendent or designee shall annually notify employees in writing that they have no reasonable expectation of privacy in the use of any district technology, as defined above, even when using their personal devices. To ensure proper use, the Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent and for any reason allowed by law.

In addition, employees shall be notified that records, including communications, maintained on any personal accounts or devices used to conduct district business are subject to disclosure at the district's request, and pursuant to a subpoena or other lawful request.

Employees shall report any security problem or misuse of district technology to the Superintendent or designee.

Inappropriate use of district technology may result in a cancellation of the employee's user privileges, disciplinary action, and/or legal action in accordance with law, board policy, and administrative regulation.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when the behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall

be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation, the Superintendent or principal shall have the discretion to recommend expulsion of a student. 1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting. (Education Code 48918(j))

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

(Education Code 212.5, 48900.2)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or

the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

3. Intentionally engaged in harassment, threats, or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)

Suspension from Class by a Teacher

A teacher may suspend a student from class for the remainder of the day and the following day for any of the acts specified in Education Code 48900 and listed as Items #1-19 under "Grounds for Suspension and Expulsion: Grades K-12" above or for disruption or willful defiance at any grade level. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended. (Education Code 48910)

As soon as possible after the teacher has suspended the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if requested by the parent/guardian or teacher. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

A teacher may also refer a student, for any of the acts specified above in Education Code 48900, to the principal or designee for consideration of a suspension from school. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity away from school to have committed any of the acts listed in the Board policy under "Authority to Expel" for which a recommendation of expulsion is required. (Education Code 48915(c))

The Superintendent, principal, or designee may impose a suspension for a first offense if it is determined that the student violated any of Items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension upon a student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school or class, or continuation school or class for the purpose of adjustment, the student may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against the student, and shall be given the opportunity to present the student's version and evidence in the student's defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, the student, the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, shall be notified of the student's right to a conference and the right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives the right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school for the conference. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker, and, if applicable, the county social worker, in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian, or, if applicable, the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, the county social worker, shall also be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice shall state the date and time when the student may return to school.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may conduct a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

If school officials request to meet with the parent/guardian, a foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, the notice may state that the law requires such individuals to respond to the request without delay. However, the student shall not be penalized for the failure of the parent/guardian, a foster youth's educational

rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, to attend such a conference. The student may not be denied reinstatement solely because such individuals failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)
 - a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard

This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.
 - b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process
 - c. If the student involved is a foster youth or Indian child, the Superintendent or designee shall notify the district's educational liaison of the need to invite the foster youth's educational rights holder, attorney and county social worker, or the Indian child's tribal social worker or, if applicable, the county social worker, to attend the meeting (Education Code 48853.5, 48911, 48918.1)
 - d. If the student involved is a child or youth experiencing homelessness, the Superintendent or designee shall notify the district liaison for homeless students (Education Code 48918.1)
 - e. In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct the behavior and keep the student in school

Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above and within the limits specified under "Suspension by Superintendent, Principal, or Designee," above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law
2. The student shall have access to appropriate counseling services

3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension
4. The student shall be responsible for contacting the student's teacher(s) to receive assignments to be completed in the supervised suspension classroom and the teacher(s) shall provide all assignments and tests that the student will miss while suspended

If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or, if the student is an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, in person, by email, or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, the Superintendent or principal shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11059, except for:
 - a. The first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis
 - b. The student's possession of over-the-counter medication for use by the student for medical purposes
 - c. Medication prescribed for the student by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless

the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an offense for which the student may be expelled, the Superintendent, principal, or designee shall offer the student, the student's parent/guardian, or, when applicable, other person holding the right to make educational decisions for the student, the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after written notice of the expulsion hearing pursuant to Education Code 48918 has been given.

The stipulation agreement shall be in writing and shall be signed by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of the right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student, shall be effective upon approval by the Board.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, the Superintendent or designee shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of the right to: (Education Code 48918.5)

1. Receive five days' notice of the scheduled testimony at the hearing
2. Have up to two adult support persons present at the hearing at the time the witness testifies
3. Have a closed hearing during the time the witness testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment

This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth, Homeless Students, and Indian Children

If the student facing expulsion is a foster student or Indian child, the Superintendent or designee shall also send notice of the hearing to the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, at least 10 calendar days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a student experiencing homelessness, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 calendar days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to testify in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in

accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in Item #6 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

- a. Any complaining witness shall be given five days' notice before being called to testify
- b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during the testimony
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential
- d. The person presiding over the hearing may remove a support person who is disrupting the hearing
- e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard

Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment
 - i. The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony

- ii. At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room
- iii. The person conducting the hearing may:
 - a. Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - b. Limit the time for taking the testimony of a complaining witness to normal school hours, if there is no good cause to take the testimony during other hours
 - c. (Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from school, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by the student's parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or

program appropriate for the student's rehabilitation

This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)

2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above, or violates any of the district's rules and regulations governing student conduct (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school

Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)

6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian

The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))

7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board (Education Code 48917)

Appeal

If a student is expelled from school, the student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate county or district law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in Items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and Items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the student's parent/guardian, or other person holding the right to make educational decisions for the student, and the student

At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and the student's parent/guardian or other person holding the right to make educational decisions for the student shall be asked to indicate in writing their willingness to comply with these regulations.

2. The Superintendent or designee shall transmit to the Board a recommendation regarding readmission

The Board shall consider this recommendation in closed session. If a written request for open session is received from the student's parent/guardian or other person holding the right to make educational decisions for the student, or adult student, it shall be honored to the extent that privacy rights of other students are not violated.

3. If the readmission is granted, the Superintendent or designee shall notify the student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, by registered mail, of the Board's decision regarding readmission
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school
6. The Board shall provide written notice to the expelled student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, describing the reasons for denying readmittance into the regular program

This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district.

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Regulation 5144.2: Suspension And Expulsion/Due Process (Students With Disabilities)

Status: DRAFT

Original Adopted Date: 11/01/2006 | **Last Revised Date:** 06/07/2023

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension or expulsion of a student with disabilities shall be in accordance with Board Policy 5144.1 - Suspension And Expulsion/Due Process and this administrative regulation.

When a student with disabilities exhibits behavior which impedes the student's own learning or that of others, the student's individualized education program (IEP) team shall consider positive behavioral interventions and supports, and other strategies, to address the behavior. (Education Code 56521.2; 20 USC 1414)

Suspension

The Superintendent, principal, or designee may suspend a student from school for up to five consecutive school days, unless the suspension has been extended following a recommendation for expulsion. (Education Code 48911)
A student may usually be suspended from school for up to 20 cumulative school days, or 30 cumulative school days as permitted by Education Code 48903, in a school year as long as the pattern of suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from the student's current educational placement for disciplinary reasons constitutes a change of placement.

A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)

1. A decision has been made that would result in the removal of the student for more than 10 consecutive school days
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year
 - b. The student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another

If a student's removal is determined to be a change of placement as specified in Items #1-2 above, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in the student's IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to the student or the student's parent/guardian when, as a result of a suspension, the student is excluded from school bus transportation. (Education Code 48915.5)

The principal or designee shall monitor the number of days, including portions of days, in which a student with an IEP has been suspended during the school year.

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by the student's IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from the student's current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow the student to participate in the general education curriculum and to progress toward meeting the goals set out in the IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation, so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a decision has been made to suspend a student with a disability for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504

If the student is a foster youth, the notice shall be given to the student's educational rights holder, attorney, and county social worker, and, if the student is an Indian child, the student's tribal social worker and, if applicable, county social worker. (Education Code 48853.5; 20 USC 1415(k)(1)(H); 34 CFR 300.530)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action (20 USC 1415(k)(1)(E); 34 CFR 300.530)

If the student is a foster youth or Indian child, the foster youth's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, shall be invited to participate in the manifestation determination review. (Education Code 48915.5)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

- a. Caused by or had a direct and substantial relationship to the student's disability

- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the student's conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student

If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which the student was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: When it has been determined that the student's conduct was not a manifestation of the disability, the student may be disciplined in accordance with the procedures for students without disabilities

However, the student's IEP team shall determine services necessary to enable the student to participate in the general education curriculum in another setting and to allow the student to progress toward meeting the goals set out in the IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances), 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), the parent/guardian may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Governing Board's criteria for suspending the enforcement of an expulsion order shall be applied to students

with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in Administrative Regulation 5144.1 - Suspension And Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that the student's information or records will not be disclosed to any other person without the prior written consent of the student's parent/guardian. (Education Code 49076)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311
3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed the student to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that the student was not an individual with a disability. (20 USC 1415(k)(5); 34 CFR 300.534)

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

Policy 5147: Dropout Prevention

Status: DRAFT

Original Adopted Date: 07/01/2005 | **Last Revised Date:** 06/23/2021

The Governing Board expects all students to remain in school until graduation in order to acquire critical knowledge and skills and be prepared for postsecondary education and/or employment. The Superintendent or designee shall identify factors that impede student success in school and shall implement integrated, systemic support and strategies that address dropout prevention and promote timely intervention and recovery.

The Superintendent or designee, in collaboration with parents/guardians, school staff, and community agencies and organizations as appropriate, shall develop districtwide and schoolwide strategies that support regular school attendance for all students. Dropout prevention strategies shall include efforts to provide a safe and positive learning environment that engages and motivates students, encourages students' connectedness to the schools, offers meaningful educational opportunities, and promotes student health and well-being.

In order to make up lost instructional time and offset absences, the district may implement attendance recovery programs. Any attendance recovery program shall be provided as a voluntary, limited-term option for a classroom-based, regular education program for students in grades TK-12 in accordance with Education Code 46211.

In addition, the Superintendent or designee shall develop strategies to provide targeted support to individual students who are at risk of dropping out of school. Students may be identified based on indicators such as chronic absenteeism, truancy, or tardiness; below-grade-level academic achievement as evidenced by student assessment results and/or teacher evaluations; and personal, social, health, or economic circumstances that may affect student performance and behavior in school.

Strategies to support students at risk of dropping out of school may include, but are not limited to:

1. Meetings and/or home visits with the student and parent/guardian to identify and address barriers to the student's success and inform them of the state's compulsory education law
2. Individualized instruction that responds to the needs and unique learning styles of students
3. Supplemental instruction during or outside the school day that is designed to help students overcome academic deficiencies, including attendance recovery programs
4. Enrollment in alternative or specialized educational programs
5. Assistance locating employment or work-based learning opportunities which link classroom learning with real-world experiences
6. Academic guidance and personal counseling services
7. Referral to a student success team, school attendance review board, or other team that addresses persistent attendance problems
8. Referral to school and/or community support services, such as a student assistance program; substance abuse program; health services or school nurse; school social worker or social services; school counselor, school psychologist or other student support personnel for case management and counseling; and other resources
9. Continued monitoring of student attendance, including tracking student attendance and identifying students with attendance problems as early as possible, so the school may provide appropriate support services and interventions
10. Employment of qualified outreach consultants to perform duties related to dropout identification, prevention, intervention, and recovery as assigned
11. Creating small, personalized learning communities to facilitate monitoring and support

12. Offering courses or programs that connect schoolwork with college and career success, including career technical education

The strategies may be incorporated into the district's local control and accountability plan and linked to district goals for student engagement, school climate, and student achievement.

The Superintendent or designee shall ensure that employees are trained to support at-risk students and are prepared to implement intervention strategies or to make appropriate referrals to support services.

When a student leaves school prior to the end of a school year, or when a student successfully completed the prior school year but did not begin attending the next grade or school that the student was expected to attend or had pre-registered to attend, the Superintendent or designee shall make efforts to determine whether the student has dropped out or has transferred to another educational setting. The Superintendent or designee may contact the student's parents/guardians to verify school enrollment and, if necessary, shall implement intervention and recovery efforts.

The Superintendent or designee shall maintain required documentation for students who transfer from or otherwise withdraw from a school in the district. (20 USC 6311)

The Superintendent or designee shall annually report to the Board on measures of student engagement, including school attendance rates, chronic absenteeism rates, middle school and high school dropout rates, and high school graduation rates. The Board shall monitor district progress in increasing student retention in school and may require revisions in district plans and strategies as needed.

Policy 6112: School Day

Status: DRAFT

Original Adopted Date: 09/01/1988 | **Last Revised Date:** 04/06/2022

The Governing Board shall fix the length of the school day in accordance with law. (Education Code 46100)

At each school, the length of the school day shall be the same for all students, except as otherwise permitted by law. For any student with a disability, the length of the school day shall be as specified in the student's individualized education program or Section 504 plan.

Unless there is a field trip or other educational program, the daily schedule for grades K-6 shall include at least one or more periods of recess of at least 30 minutes on regular instructional days and 15 minutes on early release days. During this time, students shall be provided supervised opportunities, outdoors when weather and air quality permit unless space is not sufficient in which case recess may be held indoors, to engage in unstructured physical activity, play, organized games, and/or social engagement with peers, and may be provided a snack. (Education Code 49056)

Educational Program means the entire school-sponsored offering for students, including in-class and out-of-class activities. (Education Code 49056)

In establishing the daily instructional schedule for each secondary school, the Superintendent or designee shall give consideration to course requirements and curricular demands, availability of school facilities and equipment, and applicable legal requirements.

The Board encourages flexibility in scheduling so as to provide longer time blocks or class periods when appropriate and desirable to support student learning, provide more intensive study of core academic subjects or extended exploration of complex topics, and reduce transition time between classes.

Prior to implementing a block or alternative schedule that will allow secondary students to attend school for fewer school days than the total number of school days for which the school is in session, the Board shall consult in good faith, in an effort to reach agreement with the certificated and classified employees of the school, parents/guardians of the students who would be affected by the change, and the community at large. Such consultation shall include at least one public hearing for which the Board shall give adequate notice to the employees and to the parents/guardians of affected students. (Education Code 46162)

Under an extended day kindergarten program, recess may be counted as instructional minutes for purposes of determining the maximum school day if it occurs under teacher supervision.

In any multitrack year-round school operating pursuant to Education Code 37670, the kindergarten school day may be up to 265 minutes, excluding recesses. (Education Code 46111)

The Superintendent or designee shall annually report to the California Department of Education as to whether the district's kindergarten and TK programs are offered full day, part day, or both. (Education Code 48003)

Grades 1-8

Except as otherwise provided by law, the school day for elementary and middle school students shall be:

2. At least 240 minutes for students in grades 4-8 (Education Code 46113, 46142)

In determining the number of minutes for purposes of compliance with the minimum school day for students in grades 1-8, both noon intermissions and recesses shall be excluded. (Education Code 46115)

(Education Code 46147)

5. Concurrent enrollment in a community college pursuant to Education Code 48800-48802 or, for students in grades 11-12, part-time enrollment in classes of the California State University or University of California, provided academic credit will be awarded upon satisfactory completion of enrolled courses (Education Code 46146)

(Education Code 46145)

Alternative Block Schedule for Secondary Schools

In order to establish a block or other alternative schedule or to accommodate career technical education and regional occupational center/program courses, the district may authorize students to attend fewer than the total number of days in which school is in session provided that students attend classes for at least 1,200 minutes during any five school day period or 2,400 minutes during any 10 school day period. (Education Code 46160)

An early college high school or middle college high school may be scheduled so that students attend classes for at

Policy 6142.92: Mathematics Instruction

Status: DRAFT

Original Adopted Date: 10/01/1995 | **Last Revised Date:** 06/23/2021

The Governing Board desires to offer a rigorous mathematics program that progressively develops the knowledge and skills students will need to succeed in college and career. The district's mathematics program shall be designed to teach mathematical concepts in the context of real-world situations and to help students gain a strong conceptual understanding, a high degree of procedural skill and fluency, and ability to apply mathematics to solve problems.

The district's mathematics program shall also incorporate recognized principles, concepts, and research-based strategies to meet the needs of all students and provide equal access to learning through lessons that are relevant to students. Instructional resources adopted for use in district schools shall provide guidance to support a diverse student population, including students who are English learners, at-promise, advanced learners, and students with learning disabilities.

For each grade level, the Board shall adopt academic standards for mathematics that meet or exceed the Common Core State Standards. The Superintendent or designee shall develop or select curricula that are aligned with these standards and the state curriculum framework.

The district's mathematics program shall address the following standards for mathematical practices which are the basis for mathematics instruction and learning:

1. Overarching habits of mind of a productive mathematical thinker: Making sense of problems and persevering in solving them; attending to precision
2. Reasoning and explaining: Reasoning abstractly and quantitatively; constructing viable arguments and critiquing the reasoning of others
3. Modeling and using tools: Modeling with mathematics; using appropriate tools strategically
4. Seeing structure and generalizing: Looking for and making use of structure; looking for and expressing regularity in repeated reasoning

In addition, the district's mathematics program shall be aligned with grade-level standards for mathematics content.

For grades K-8, mathematics content shall address, at appropriate grade levels, counting and cardinality, operations and algebraic thinking, number and operations in base ten, fractions, measurement and data, geometry, ratios and proportional relationships, functions, expression and equations, the number system, and statistics and probability. Students shall learn the concepts and skills that prepare them for the rigor of higher mathematics.

For higher mathematics, the district shall offer alternative pathways of courses through which students shall be taught concepts that address number and quantity, algebra, functions, modeling, geometry, and statistics and probability. Any pathway offered by the district shall be designed in a manner that provides maximum opportunities for students to access advanced mathematics courses during high school.

The Superintendent or designee shall ensure that students are appropriately placed in mathematics courses and are not required to repeat a course that they have successfully completed in an earlier grade level. Placement decisions shall be based on consistent protocols and multiple academic measures.

The Superintendent or designee shall ensure that certificated staff have opportunities to participate in professional development activities designed to increase their knowledge and skills in effective mathematics teaching practices.

The Superintendent or designee shall ensure that students have access to sufficient instructional materials, including

manipulatives and technology, to support a balanced, standards-aligned mathematics program.

The Superintendent or designee shall provide the Board with data from state and district mathematics assessments and program evaluations to enable the Board to monitor program effectiveness.

Policy 6152.1: Placement In Mathematics Courses

Status: DRAFT

Original Adopted Date: 08/01/2015 | **Last Revised Date:** 06/23/2021

The Governing Board believes that a sound educational program must include the study of subjects that prepare students for admission to higher education and/or fulfilling careers. District students shall be provided an opportunity to complete a sequence of mathematics courses recommended for admission into the University of California (UC) and California State University (CSU) systems.

The district shall offer alternative pathways of courses designed in a manner that provides maximum opportunities for students to access advanced mathematics courses during high school.

The Superintendent or designee shall work with district teachers, counselors, and administrators and the representatives of feeder schools to develop a well-articulated sequence of mathematics courses and consistent protocols for placing students in mathematics courses offered at district high schools.

Such placement protocols shall systematically take into consideration multiple objective academic measures that may include, but are not limited to, statewide mathematics assessments, including state interim and summative assessments; placement tests that are aligned to state-adopted content standards in mathematics; classroom assignment and grades; and report cards. (Education Code 51224.7)

District staff shall implement the placement protocols uniformly and without regard to students' socioeconomic background or any characteristic specified in Board Policy 0410 - Nondiscrimination In District Programs And Activities, including, but not limited to, race, sex, gender, nationality, and ethnicity.

The placement protocols shall provide for at least one reevaluation within the first month of the school year to ensure that students are appropriately placed in mathematics courses and shall specify the criteria the district will use to make this determination. Any student found to be misplaced shall be promptly placed in the appropriate mathematics course.

If a student or parent/guardian questions the student's placement, the student or the student's parent/guardian may appeal the decision to the Superintendent or designee. The decision of the Superintendent or designee shall be final.

The Superintendent or designee shall ensure that all teachers, counselors, and other district staff responsible for determining students' placement in mathematics courses receive training on the placement protocols.

The Board and the Superintendent or designee shall annually review student data related to placement in mathematics courses offered at district high schools to ensure that students who are qualified to progress in mathematics courses based on their performance on objective academic measures are not being held back in a disproportionate manner on the basis of any subjective or discriminatory basis, and shall develop strategies for removing any identified barriers to students' access to mathematics courses. The Superintendent or designee shall also report on the percentage of district students who have successfully completed mathematics courses that satisfy the requirements for entrance to the UC and CSU systems.

Regulation 6152.1: Placement In Mathematics Courses

Status: DRAFT

Original Adopted Date: 10/01/2018 | **Last Revised Date:** 06/23/2021

Placement Protocols

In determining student placement in mathematics courses for students entering grade 9, the Superintendent or designee shall assess whether each student has the prerequisite skills for success in the course and consider student and parent/guardian requests. Such determinations shall be based on multiple measures, including, but not limited to, the following:

1. Interim and summative grade 8 mathematics assessments from the California Assessment of Student Performance and Progress
2. For students with disabilities, an alternate test or other measures when designated in a student's individualized education program (IEP)
3. Other assessments such as Measures of Academic Progress, the readiness tests of the University of California's Mathematics Diagnosis Testing Project, and/or district benchmark assessments
4. The student's grades in previous mathematics course
5. The final mathematics grade on the end-of-year report card

Individual student performance data shall be analyzed each spring, prior to scheduling and placing students into secondary mathematics courses. Students and parents/guardians shall be notified in writing by the end of the school year as to the mathematics course in which the student has been placed.

No student shall be required to repeat a mathematics course which the student has successfully completed in accordance with district's placement protocols.

When a student does not qualify to be enrolled in a particular mathematics course based on a consideration of the objective measures specified in the placement protocol, the student may nevertheless be admitted to the course based on the recommendation of a teacher or counselor who has personal knowledge of the student's academic ability.

Students who exhibit deficits in knowledge and skills needed to advance to a higher level mathematics course may receive supplemental instruction to improve achievement of mathematic content standards.

Reevaluation

Within the first month of the school year, mathematics course placements shall be individually reevaluated to ensure placement in the most rigorous mathematics course for which the student has the potential for success.

Criteria for reevaluating each student's placement shall include, but are not limited to, course preassessment results, attendance, and student performance in the first month of the school year as determined by teacher observation and grades on assignments and tests. Student and parent/guardian request for course placement may also be considered.

Notification of Placement Protocol

The district's policy and protocols related to student placement in mathematics courses shall be posted on the district's website. (Education Code 51224.7)

The Superintendent or designee shall also make the district's placement policy, protocols, and course sequence readily accessible to students, parents/guardians, and staff at school sites and/or in student handbooks.

Appeals

Within 10 school days of an initial placement decision or a placement decision upon reevaluation, a student and the student's parent/guardian who disagree with the placement may appeal the decision to the Superintendent or designee. The Superintendent or designee shall rule on the appeal within 10 school days of receiving the appeal. The decision of the Superintendent or designee shall be final.

Policy 6163.4: Student Use Of Technology

Status: DRAFT

Original Adopted Date: 07/01/2007 | **Last Revised Date:** 06/23/2021

The Governing Board believes that effective use of technology is integral to the education and development of students. In order to promote digital citizenship, the Board recognizes that students must have access to the latest digital tools and receive instruction that allows students to positively engage with technology in ways that respect human rights and avoids Internet dangers. Technological resources provided to students, including technology based on artificial intelligence (AI), shall be aligned to district goals, objectives, and academic standards. The use of technology shall augment the use of Board adopted instructional materials.

The Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. Students shall be allowed to use such technology, including AI technology, in accordance with district policies, including, but not limited to, policies on academic honesty, data privacy, nondiscrimination, and copyright protections. All students using these resources shall receive instruction in the proper and appropriate use of technology. Such instruction shall incorporate students' responsibilities regarding academic honesty, honoring copyright provisions, assessing the reliability and accuracy of information, protecting personal data, and the potential for biases and errors in artificially generated content.

District technology includes, but is not limited to, computer hardware, software, or software as a service provided or paid for by the district, whether accessed on or off site or through district-owned or personally owned equipment or devices, including tablets and laptops; computer servers, wireless access points (routers), and wireless computer networking technology (wi-fi); the Internet; email; applications (apps), including AI apps; telephones, cellular telephones, smartphones, smart devices, and wearable technology; or any wireless communication device, including radios.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this board policy and the district's Acceptable Use Agreement.

Before a student is authorized to use district technology, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the student and parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that the use of district technology, as defined above, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in the use of district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and Board Policy/Administrative Regulation 5125 - Student Records.

Whenever a student is found to have violated board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update

procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. (20 USC 7131; 47 USC 254; 47 CFR 54.520)

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall regularly review current guidance regarding cybersecurity, data privacy, and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, the monitoring and response to cyberattacks, ensuring data privacy, and monitoring suspicious and/or threatening digital media content, in accordance with Board Policy 5125 - Student Records.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

The Point Arena Schools District authorizes students to use technology, as defined in Board Policy 6163.4 - Student Use of Technology. The use of district technology is a privilege permitted at the district's discretion and is subject to the conditions and restrictions set forth in applicable board policies, administrative regulations, and this Agreement. The district reserves the right to suspend access at any time, without notice, for any reason.

The district expects all students to use technology responsibly in order to avoid potential problems and liability. The district may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

The district makes no guarantee that the functions or services provided by or through the district will be without defect. In addition, the district is not responsible for financial obligations arising from unauthorized use, or misuse, of the system.

Each student who is authorized to use district technology and the student's parent/guardian shall sign this Agreement, which indicates that the student has read and understands the Agreement and Board Policy 6163.4 - Student Use of Technology.

Student Obligations and Responsibilities

Students are expected to use district technology safely, responsibly, and for educational purposes only, and in accordance with the accompanying board policy and applicable copyright laws. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students shall not gain unauthorized access to the files or equipment of others, access electronic resources by using another person's name or electronic identification, or send anonymous electronic communications. Furthermore, students shall not attempt to access any data, documents, emails, or programs in the district's system for which they do not have authorization.

5. Adjust the privacy settings on any technology tool or AI app unless directed to do so by a teacher or staff member
6. Violate the direction of teachers or other staff members, age restrictions, or the intended use of the technology
7. Infringe on copyright, license, trademark, patent, or other intellectual property rights
8. Intentionally disrupt or harm district technology or other district operations (such as destroying district

equipment, placing a virus on district computers, adding or removing a computer program without permission from a teacher or other district personnel, changing settings on shared computers)

9. Install unauthorized software

10. "Hack" into the system to manipulate data of the district or other users

11. Engage in or promote any practice that is unethical or violates any law or board policy, administrative regulation, or district practice

Privacy

The district reserves the right to monitor and record all use of district technology, including, but not limited to, access to the Internet or social media, Internet searches, browsing history, use of AI, communications sent or received from district technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of improper, illegal, or prohibited activity. Students should be aware that, in most instances, their use of district technology (such as web searches and emails) cannot be erased or deleted.

All passwords created for or used on any district technology are the sole property of the district. The creation or use of a password by a student on district technology does not create a reasonable expectation of privacy.

Personally Owned Devices

If a student uses a personally owned device to access district technology, the student shall abide by all applicable board policies, administrative regulations, and this Agreement. Any such use of a personally owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

Reporting

If a student becomes aware of any security problem (including, but not limited to, a cyberattack, phishing, or any compromise of the confidentiality of any login or account information), or misuse of district technology, the student shall immediately report such information to the teacher or other district personnel.

Consequences for Violation

Violations of the law, board policy, or this Agreement may result in revocation of a student's access to district technology and/or discipline, up to and including suspension or expulsion. In addition, violations of the law, board policy, or this Agreement may be reported to law enforcement agencies as appropriate.

Student Acknowledgment

I have received, read, understand, and agree to abide by this Agreement and other applicable laws and district policies and regulations governing the use of district technology. Bylaw 9010: Public Statements

Status: DRAFT

Original Adopted Date: 09/01/1990 | **Last Revised Date:** 06/23/2021

The Governing Board recognizes the responsibility of Board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, Board members are expected to respect the authority of the Board to choose its representatives, to communicate its positions, and to abide by established protocols.

Board Spokesperson

All public statements authorized to be made on behalf of the Board shall be made by the Board president or, if appropriate, by the Superintendent or, with respect to a specific issue or topic, other representative as designated by the Board or Board president.

When speaking for the Board, a spokesperson shall exercise restraint and tact and communicate in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board or by law. (Government Code 54963)

Statements by Individual Board Members

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify when a viewpoint is held by an individual Board member rather than the Board as a whole. For example, a Board member may include a disclaimer on the Board member's personal social media account that the Board member is expressing personal viewpoints and not those of the Board or the district.

Board members who opt to express their opinions on district matters, whether in-person or online, are expected to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community.

Bylaw 9012: Board Member Electronic Communications

Status: DRAFT

Original Adopted Date: 11/01/2008 | **Last Revised Date:** 06/23/2021

The Governing Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information with each other, district staff, and members of the public. Board members shall exercise caution to ensure compliance with the Brown Act, the Public Records Act, and other applicable laws.

A majority of the Board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Examples of permissible electronic communications concerning district business include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent, and reminders regarding meeting times, dates, and places.

Board members may engage in separate conversations or communications with members of the public on a social media platform to answer questions, provide information, or solicit information regarding a matter that is within the subject matter jurisdiction of the Board as long as a majority of the Board does not use the platform to discuss among themselves any business of a specific nature that is within the subject matter jurisdiction of the Board. Additionally, Board members are prohibited from using digital icons, such as "likes" or "emojis," that express reactions to communications made by other Board members regarding matters within the subject matter jurisdiction of the Board. (Government Code 54952.2)

Board members shall make every effort to ensure that their electronic communications conform to Board Bylaw 9010 - Public Statements and shall forward any complaints or requests for information to the Superintendent in accordance with applicable Board bylaws.

To the extent possible, electronic communications regarding any district-related business shall be transmitted through a district-provided device or account. When any such communication is transmitted through a Board member's personal device or account, the Board member shall copy the communication to a district electronic storage device for easy retrieval.

This Bylaw does not apply to Board member electronic communications not related to district business or not conducted by a Board member in the Board member's official capacity.

The Governing Board recognizes its fiduciary responsibility to effectively manage and safeguard the district's assets and resources in order to help achieve the district's goals for student learning. The Superintendent or designee shall establish and maintain an accurate, efficient financial management system that enhances the district's ability to meet its fiscal obligations, produces reliable financial reports, and complies with laws, regulations, policies, and procedures. The Superintendent or designee shall ensure that the district's accounting system provides ongoing internal controls and meets generally accepted accounting standards as specified by the California Department of Education and, as appropriate, the Governmental Accounting Standards Board (GASB). When required by law or as directed by the Board, and in accordance with Board Policy and Administrative Regulation 3460 - Financial Reports and Accountability, the Superintendent or designee shall submit to the Board reports of the district's financial status.

Capital Assets

The Superintendent or designee shall develop a system to accurately identify and value district assets in order to help ensure financial accountability and to minimize the risk of loss or misuse. The District maintains a capitalization threshold of \$25,000 for equipment and \$50,000 for buildings. The Superintendent or designee shall determine the estimated useful life of each capital asset and shall calculate and report the estimated loss of value, or depreciation, during each accounting period for all capital assets.

(cf. 340 - Inventories)

Internal Controls/Fraud Prevention

Board members and district employees involved in the making of contracts on behalf of the district shall comply with the district's conflict of interest policy as specified in Board Bylaw 9270 - Conflict of Interest.

The Superintendent or designee shall develop internal controls which aid in the prevention and detection of fraud, financial impropriety, or irregularity within the district, assist with effective and efficient operation of the district, produce reliable financial information, and ensure compliance with all applicable laws and regulations. These internal controls may include, but are not limited to, segregating and monitoring employee duties relating to authorization, custody of assets, and recording or reporting of transactions; providing detailed, written job descriptions explaining the segregation of functions; adopting an integrated financial system; developing timely reconciliations of budgets, ledgers, and accounts; conducting background checks on business office employees; and requiring continuous in-service training for business office staff and board members on the importance of fraud prevention, financial management, budget, and governance.

All employees shall be alert for any indication of fraud, financial impropriety, or irregularity within their area of responsibility. Any employee who suspects fraud, impropriety, or irregularity shall immediately report those suspicions to the employee's immediate supervisor and/or the Superintendent or designee. In addition, the Superintendent or designee shall establish a method for employees and outside persons to anonymously report any suspected instances of fraud, impropriety, or irregularity.

The Superintendent or designee shall have primary responsibility for any necessary investigations of suspected fraud, impropriety, or irregularity, in coordination with legal counsel, the district's auditors, the Fiscal Crisis and Management Assistance Team (FCMAT), law enforcement agencies, or other governmental entities, as appropriate.

The Superintendent or designee shall provide regular reports to the Board on the status of the district's internal control procedures and recommend any necessary revisions to related Board policies or administrative regulations.
