Other Considerations

- We continue to operate without large one-time funds from previous years, and therefore, must be prudent with spending.
- We should be aware that the 2025-26 May Revise Common Message, released by the
 Business & Administration Services Committee, states, "...the federal administration and
 Congress are considering significant cuts to education programs and to other programs,
 such as Medicaid, which would have a direct effect on LEA budgets but could potentially
 have a much larger indirect effect to the extent they force the state to redirect funding from
 schools to mitigate the impact of federal funding cuts."
- Thus far, we have not experienced significant cuts to our federal funding, which represents about 4% of our revenue budget. Our largest revenue source is property taxes, which comes in at about 76% of our revenue budget.
- Property tax revenues fluctuate throughout the year we receive property tax updates from both Mendocino and Sonoma Counties at P-1 (Fall), P-2 (Spring), and Final (Summer).
- Unknown if the type and amount of certain fees will be recurring, which could change current & future year estimates: transfers to other funds (ie. FD 17 technology; FDs 14/43 Deferred Maintenance; FD 40 Facility; FD 15 Pupil Transportation, etc.).

ld. Impact of Capital Projects

Do you have any capital projects that may impact the general fund operational budget?

No

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:

(required if NOT met)

2025-26: The primary reason that the projected contributions from the unrestricted GF to the restricted GF programs are projected to change by more than the standard is primarily due to the projection that the discrepancy in restricted revenues (ie. SELPA, LCFF supplemental/concentrative, federal & state grants) relative to related expenditures (ie. SPED, Psych and Nurse Direct Services) is expected to continue, with these restricted expenditures rising at a faster rate than their related revenues.

1b. NOT MET - The projected transfers in to the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timelines, for reducing or eliminating the transfers

Explanation:

(required if NOT met)

2025-26: The fluctuation is outside the range primarily due to less Fund 17 Technology transfers in. We had several large technology expenditure purchases in 24-25 where the district utilized Fund 17 transfer in funds, whereas in 25-26 this amount was reduced because the district expects less large technology expenditure purchases.

1c. NOT MET - The projected transfers out of the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

Explanation:

(required if NOT met)

2025-26: The fluctuation is due to higher projected set-aside transfers out to other funds (ie. FD14/43 deferred maintenance,FD15 pupil transportation, FD17 technology, FD40 facilities) to at least slightly replenish the balances in some of these funds. In 24-25, we were not able to project adequate transfers out in the June 2025 budget update, and the therefore we added in more transfers out to the 25-26 budget at adoption.

1d. NO - There are no capital projects that may impact the general fund operational budget.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
