

Policy 1312.2: Complaints Concerning Instructional Materials

Status: DRAFT

Original Adopted Date: 09/01/1988 | **Last Revised Date:** 12/13/2023

The Governing Board uses a comprehensive process to adopt district instructional materials that is based on selection criteria established by law and Board policy and includes opportunities for the involvement of district staff, parents/guardians, and community members, and, as appropriate, students. Complaints concerning the content or use of instructional materials, including textbooks, supplementary instructional materials, library materials, or other instructional materials and equipment, shall be properly and fairly considered using established complaint procedures.

Parents/guardians are encouraged to discuss any concerns regarding instructional materials with their student's teacher and/or the school principal. If the situation remains unresolved, a complaint may be filed using the process specified in the accompanying administrative regulation and exhibit.

The district shall accept complaints concerning instructional materials only from staff, district residents, or the parents/guardians of students enrolled in a district school. (Education Code 35160)

However, a complaint related to the use or prohibited use of any existing textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction, or any book or other resource in a school library that alleges unlawful discrimination based on a violation of Education Code 243 or 244 shall be filed, investigated, and resolved in accordance with Board Policy 1312.3 - Uniform Complaint Procedures.

When deliberating upon challenged materials, the Superintendent, or any designee or committee established by the Superintendent to review the materials, shall consider the degree to which the materials align with the criteria for instructional materials as specified in law, Board policy, and administrative regulation. In addition, such deliberations may consider the educational philosophy and vision of the district; the educational suitability of the materials including the manner in which the materials support the curriculum and appropriateness for the student's age; the professional opinions of teachers of the subject and of other competent authorities and/or experts; reviews of the materials by reputable bodies; the stated objectives in using the materials; community standards; the allegations in the complaint, including the extent to which the objections are based on the dislike of ideas contained in the materials; and the impact that keeping or removing the materials would have on student well-being.

The Superintendent, or any designee or committee established by the Superintendent to review the materials, shall not prohibit the continued use of an appropriately adopted textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction, or any book or other resource in a school library on the basis that it contains inclusive and/or diverse perspectives, as specified in Education Code 243.

Additionally, the Superintendent, or any designee or committee established by the Superintendent to review the materials, shall not authorize the continued use of an adopted textbook, instructional material, supplemental instructional material, or curriculum for classroom instruction if the use would subject a student to unlawful discrimination pursuant to Education Code 220.

If the complainant finds the Superintendent's or review committee's decision unsatisfactory, the complainant may appeal the decision to the Board.

Any challenged instructional material that is reviewed by the district shall not be subject to further reconsideration for 12 months, unless required by law.

Complaints related to the sufficiency of textbooks or instructional materials shall be resolved as specified in Administrative Regulation 1312.4 - Williams Uniform Complaint Procedures.

Regulation 1312.2: Complaints Concerning Instructional Materials

Status: DRAFT

Original Adopted Date: 12/01/1990 | **Last Revised Date:** 12/13/2023

Step 1: Informal Complaint

If a staff member, district resident, or parent/guardian of a student enrolled in a district school has a complaint regarding the content or use of any specific instructional material, such individual shall informally discuss the material in question with the principal. (Education Code 35160)

Step 2: Formal Complaint

If the complainant is not satisfied with the principal's initial response, the complainant shall present a written complaint to the principal. Complaints regarding printed material shall name the author, title, and publisher and shall identify the objection by page and item numbers. In the case of nonprinted material, written information specifying the precise nature of the objection and location of such material shall be given. In order for the district to reply appropriately, complainants shall sign all complaints and provide identifying information. Anonymous complaints will not be accepted.

Upon receiving a complaint, the principal shall provide the complainant with a written acknowledgement of its receipt and respond to any procedural questions the complainant may have. The principal shall then notify the Superintendent or designee, the teacher(s), and other staff as appropriate.

During the investigation of the complaint, the challenged material may remain in use until a final decision has been reached.

Step 3: Review Committee

The Superintendent or designee shall determine whether to convene a review committee to review the complaint.

If the Superintendent or designee determines that a review committee is necessary, the Superintendent or designee shall appoint a committee composed of administrators and staff members selected from relevant instructional and administrative areas. The Superintendent or designee may also appoint parents/guardians, students, and community members, as appropriate, to serve on the committee.

The Superintendent or designee may provide training to the review committee to ensure that the review committee is informed regarding its responsibilities, the criteria to follow when reviewing instructional materials, and applicable laws, Board policy(ies), and administrative regulation(s).

Within 30 days of being convened, the review committee shall summarize its findings in a written report. The Superintendent or designee shall notify the complainant in writing of the committee's decision within 15 days of receiving the committee's report.

Step 4: Superintendent Determination

If the Superintendent or designee determines that a review committee is not necessary, the Superintendent or designee shall, in a timely manner, issue a decision regarding the complaint.

Step 5: Appeal to the Governing Board

If the complainant remains unsatisfied, the complainant may appeal the Superintendent's or review committee's decision to the Governing Board. The Board's decision shall be final.

(Government Code 7922.200, 7928.300)

Unless otherwise authorized or required by law, information regarding an individual's citizenship or immigration status or religious beliefs, practices, or affiliation shall not be disclosed. (Education Code 234.7; Government Code 8310.3)

Inspection of Records, Requests for Copies, and Recovery of Costs

Any person may request a copy or inspection of any district record that is not exempt from disclosure. (Government Code 7922.530)

Within 10 days of receiving any request to inspect or copy a district record, the Superintendent or designee shall determine whether the request seeks release of a disclosable public record in the district's possession. The Superintendent or designee shall promptly inform the person making the request of the determination and the reasons for the decision. (Government Code 7922.535)

In unusual circumstances, the Superintendent or designee may extend the 10-day limit for up to 14 days by providing written notice to the requester setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 7922.535)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request

2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request
3. The need for consultation, which shall be conducted with all practicable speed, with another agency (e.g., a state agency or city) having a substantial interest in the determination of the request or among two or more components of the district (e.g., two different school sites) with substantial interest in the request
4. In the case of electronic records, the need to compile data, write programming language or a computer program, or construct a computer report to extract data
5. The need to search for, collect, and appropriately examine records during a state of emergency proclaimed by the Governor pursuant to the California Emergency Services Act in the jurisdiction where the district is located when the state of emergency currently affects, due to the state of emergency, the district's ability to timely respond to staffing shortages or closure of facilities where the requested records are located (Government Code 8567)

If the Superintendent or designee determines that the request seeks disclosable public records, the determination shall state the estimated date and time when the records will be made available. (Government Code 7922.535)

Public records shall be open to inspection at all times during district office hours. If a portion of the requested record(s) is exempt from disclosure, any non-exempt, reasonably segregable portion of the record shall be made available for inspection after deletion of the portions exempted by law. (Government Code 7922.525)

Upon request for a copy that reasonably describes an identifiable, non-exempt record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 7922.530)

If only a portion of the identified record is exempt from disclosure, the record's exempt material shall be redacted prior to disclosure.

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication in accordance with law. Written requests to waive the fee shall be submitted to the Superintendent or designee.

Without charging any fees or costs, the Superintendent or designee shall allow members of the public to use their own equipment on district premises to photograph or otherwise copy or reproduce a disclosable record as long as the means of copy or reproduction: (Government Code 7922.530)

1. Do not require the equipment to make physical contact with the record
2. Will not result in damage to the record
3. Will not result in unauthorized access to the district's computer systems or secured networks by using software, equipment, or any other technology capable of accessing, altering, or compromising the district's electronic records

The Superintendent or designee may impose any reasonable limit on the use of personal equipment to photograph, copy, or reproduce a disclosable record that is necessary to protect the safety of the records, or to prevent the copying of records from being an unreasonable burden to the orderly function of the district and its employees. The Superintendent or designee may also impose any limit that is necessary to maintain the integrity of, or ensure the long-term preservation of, historic or high-value records. (Government Code 7922.530)

In addition to maintaining public records for public inspection during district office hours, the district may comply with public records requests by posting any public record on the district's website and, in response to a public records request, directing the member of the public to the location on the website where the record can be found. However, if the member of the public is unable to access or reproduce the record from the website, the district shall promptly provide an exact copy of the public record upon payment of duplication fees, if applicable, unless it is impracticable to provide an exact copy. (Government Code 7922.545)

If any person requests that a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic

record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 7922.570)

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. However, the requester shall bear the cost of producing the copy of the electronic record, including the cost to construct the record and the cost of programming and computer services necessary to produce the copy, under the following circumstances: (Government Code 7922.575)

1. The electronic record is one that is produced only at otherwise regularly scheduled intervals
2. The request would require data compilation, extraction, or programming to produce the record

Assistance in Identifying Requested Records

If the Superintendent or designee denies a request for disclosable records, the requester shall be assisted in making a focused and effective request that reasonably describes an identifiable record. To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 7922.600)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

If, after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement shall be deemed satisfied.

2. Describe the information technology and physical location in which the records exist
3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the CPRA shall not be construed so as to delay or obstruct the inspection or copying of public records. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 7922.500, 7922.540)

Policy 3311: Bids

Status: DRAFT

Original Adopted Date: 08/01/2013 | **Last Revised Date:** 06/23/2021

The Governing Board is committed to promoting public accountability and ensuring prudent use of public funds. When leasing, purchasing, or contracting for equipment, materials, supplies, or services for the district, including when contracting for public projects involving district facilities, the Board shall explore lawful opportunities to obtain the greatest possible value for its expenditure of public funds. When required by law, or if the Board determines that it is in the best interest of the district, such contracts shall be made using competitive bidding.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading legal requirements for competitive bidding. (Public Contract Code 20116)

The Superintendent or designee shall establish comprehensive bidding procedures for the district in accordance with Government Code 54202, and that meet the requirements for bidding procedures specified in law. The procedures shall include a process for advertising bids, instructions and timelines for submitting and opening bids, and other relevant requirements.

For award of contracts which, by law or Board policy, require prequalification, the procedures shall identify a uniform system for rating bidders on the basis of a completed questionnaire and financial statements.

When calling for bids, the Superintendent or designee shall ensure that the bid specifications clearly describe in appropriate detail the quality, delivery, service required, and include all information of which the district knows, or has in its possession, that is relevant to the work to be performed or that may impact the cost of performing the work.

Award of Contract

Contracts shall be let to the lowest responsible bidder who shall give such security as the Board requires, or else all bids shall be rejected. (Public Contract Code 20111)

However, the Board may let contracts to other than only the lowest responsible bidder in the following circumstances:

1. When the contract is for the procurement and/or maintenance of electronic data processing systems and supporting software, in which case the Board may contract with any one of the three lowest responsible bidders (Public Contract Code 20118.1)
2. When the contract is for any transportation service which involves an expenditure of more than \$10,000 and which will be made with any person or corporation other than a common carrier, municipally owned transit system, or a parent/guardian of a student who is to be transported, in which case the Board may contract with other than the lowest bidder (Education Code 39802)
3. When the contract is one for which the Board has established goals and requirements relating to participation of disabled veteran or small business enterprises in accordance with Public Contract Code 2000-2002, in which case the Board may contract with the lowest responsible bidder who submits a responsive bid and complies or makes a good faith effort to comply with the goals and requirements (Public Contract Code 2000-2002)
4. When procuring a lease-leaseback contract, in which case the Board shall award the contract based on objective criteria for determining the best combination of price and qualifications in accordance with Education Code 17400 and 17406
5. When procuring a design-build contract for a public works project in excess of \$1,000,000 in accordance with Education Code 17250.20, in which case the Board may award the contract to either the low bid or the best value to the district, taking into consideration, at a minimum, price, technical design and construction expertise,

and life-cycle costs (Education Code 17250.20, 17250.25)

6. When procuring an alternative design-build contract for a public works project in excess of \$5,000,000 in accordance with Education Code 17250.62, in which case the Board may award the contract to either the low bid or the best value, taking into consideration, at a minimum, design cost, general conditions, overhead, and profit as a component of the project price; technical design and construction expertise; and life-cycle costs (Education Code 17250.61, 17250.62)

Protests by Bidders

If the bidder believes that the award is not in compliance with law, Board policy, administrative regulation, or the bid specification, the bidder may protest the award. A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award and shall include all documents supporting or justifying the protest. A bidder's failure to file the protested documents in a timely manner shall constitute a waiver of the right to protest the award of the contract.

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.

The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide notice to the bidder of the date and time for Board consideration of the protest at least three business days before the Board meeting. The Board's decision shall be final.

Bids Not Required

When the Board has determined that it is in the best interest of the district, the district may piggyback onto the contract of another public agency or corporation to lease or purchase any personal property, including the lease of data-processing equipment or the purchase of materials, supplies, equipment, automotive vehicles, tractors, and other personal property for the district in the manner that the other public corporation or agency is authorized to make the leases or purchases from a vendor. (Public Contract Code 20118)

Alternatively, if the public corporation or agency has an existing contract with a vendor for the lease or purchase of personal property, the district may authorize the lease or purchase of personal property directly from the vendor and make payments under the same terms that are available to the public corporation or agency under the contract. (Public Contract Code 20118)

Without advertising for bids, the Board may enter into an energy service contract and any related facility ground lease, when it determines that the terms of the contract and lease are in the best interest of the district and meet the cost effectiveness requirements specified in Government Code 4217.12. The Board's determination shall be made at a regularly scheduled public hearing of which notice is given to the public at least two weeks in advance and shall be based on a cost and saving comparison finding specified in Government Code 4217.12. (Government Code 4217.12)

In an emergency when any repairs, alterations, work, or improvement to any school facility is necessary to permit the continuance of existing school classes or to avoid danger to life or property, the Board may, by unanimous vote and with the approval of the County Superintendent of Schools, contract for labor and materials or supplies without advertising for or inviting bids or may authorize the use of day labor or force account for the emergency purpose. (Public Contract Code 1102, 20113)

Maintenance also includes landscape maintenance, including mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems. Maintenance does not include painting, repainting, or decorating, other than minor repainting; janitorial or custodial services; and protection provided by security forces. (Public Contract Code 20115, 22002)

Instructions and Procedures for Advertised Bids

The Superintendent or designee shall call for bids by placing a notice at least once a week for two weeks in a local newspaper of general circulation published in the district, or if no such newspaper exists, then in some newspaper of general circulation that is circulated in the county. Additionally, the Superintendent or designee may post the notice on the district's website or through an electronic portal. The notice shall state the work to be done or materials or supplies to be furnished and the time and place and website where bids will be opened. (Public Contract Code 20112)

The notice shall contain the time, date, and location of any mandatory prebid conference, site visit, or meeting and details regarding when and where project documents, including the final plan and specifications, are available. Any such mandatory visit or meeting shall occur not less than five calendar days after the publication of the initial notice. (Public Contract Code 6610)

For lease-leaseback, design-build, and alternative design-build projects, the notice shall additionally specify that the project is subject to skilled and trained workforce requirements. (Education Code 17250.25, 17250.62, 17407.5; Public Contract Code 2600, 6610)

Bid instructions and specifications shall include the following requirements and information:

1. All bidders shall certify in writing the minimum, if not exact, percentage of post-consumer materials in products, materials, goods, or supplies offered or sold (Public Contract Code 22152)
2. All bids for construction work shall be presented under sealed cover (Public Contract Code 20111)

The district may accept a bid that has been submitted electronically or on paper. (Public Contract Code 20111, 20112)

The bid shall be accompanied by a form of bidder's security, including either cash, a cashier's check payable to the district, a certified check made payable to the district, or a bidder's bond executed by an admitted surety insurer and made payable to the district. The security of unsuccessful bidders shall be returned in a reasonable period of time, but in no event later than 60 days after the bid is awarded. (Public Contract Code 20111, 20112)

3. When a standardized proposal form is provided by the district, bids not presented on the standard form shall be disregarded (Public Contract Code 20111.5)
4. Bids shall not be accepted after the advertised bid opening time, regardless of whether the bids are actually opened at that time (Public Contract Code 20112)
5. When two or more identical lowest or highest bids are received, the Governing Board may determine by lot which bid shall be accepted (Public Contract Code 20117)
6. If the district requires that the bid includes prices for items that may be added to or deducted from the scope of work in the contract, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid (Public Contract Code 20103.8)

In the absence of such a specification, only the method provided in Item #6a below shall be used. (Public Contract Code 20103.8)

- a. The lowest bid shall be the lowest total of the bid prices on the base contract without consideration of the prices on the additive or deductive items
- b. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price
- c. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that, when taken in order from a specifically identified list of those items in the solicitation, and added to or subtracted from the base contract, are less than or equal to a funding amount publicly disclosed by the district before the first bid is opened (Public Contract Code 20103.8)

The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders or proposed subcontractors or suppliers from being revealed to the district before the ranking of all bidders from lowest to highest has been determined. (Public Contract Code 20103.8)

7. In determining the lowest bid, the district shall consider only responsive bids that conform to bid specifications and are submitted by responsible bidders who have demonstrated trustworthiness, quality, fitness, capacity, and experience to satisfactorily perform the public works contract
 - a. When a bid is determined to be nonresponsive, the Superintendent or designee shall notify the bidder and give the bidder an opportunity to respond to the determination
 - b. When the lowest bidder is determined to be nonresponsive, the Superintendent or designee shall notify the bidder of the right to present evidence of the bidder's responsibility at a hearing before the Board
8. After being opened, all submitted bids become public records pursuant to Government Code 7920.530 and shall be made available for public review pursuant to law, Board policy, and administrative regulation

Prequalification Procedure

When required by law or the Board, the Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. For this purpose, the Superintendent or designee shall furnish prospective bidders a standardized prequalification questionnaire and financial record which, when completed, shall indicate a bidder's statement of financial ability and experience in performing public works. The bidder's information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Code of Civil Procedure 446; Public Contract Code 20111.5, 20111.6)

When any public project involves an expenditure of \$1,000,000 or more and is funded or reimbursed wholly or partly by state general funds, the School Facilities Program funds, or other future state school bond, the district shall prequalify prospective bidders either quarterly or annually. The prequalification shall be valid for one year and the following requirements shall apply: (Public Contract Code 20111.6)

1. Prospective bidders, including, but not limited to, prime, general engineering, and general building contractors and electrical, mechanical, and plumbing subcontractors, as defined in Public Contract Code 4113 or Business and Professions Code 7056 or 7057, as applicable, shall submit a standardized questionnaire and financial statement 10 or more business days, as determined by the district, before the date fixed for the public opening of sealed bids
2. Prospective bidders shall be prequalified by the district five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids

If the project includes electrical, mechanical, or plumbing components that will be performed by electrical, mechanical, or plumbing contractors, the Superintendent or designee shall make available to all bidders a list of prequalified general contractors and electrical, mechanical, and plumbing subcontractors five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids. (Public Contract Code 20111.6)

For all other contracts requiring competitive bidding, the district may establish a procedure for prequalifying bidders on a quarterly basis and may authorize that prequalification be considered valid for up to one calendar year following the date of the initial prequalification. Prospective bidders for such contracts shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids and shall be prequalified by the district at least one day before the fixed bid-opening date. (Public Contract Code 20111.5)

Limitation on Use of Sole Sourcing

In any contract for the construction, alteration, or repair of school facilities, the Superintendent or designee shall ensure that the bid specification: (Public Contract Code 3400)

1. Does not directly or indirectly limit bidding to any one specific concern
2. Does not call for a designated material, product, thing, or service by a specific brand or trade name, unless the specification is followed by the words "or equal," so that bidders may furnish any equal material, product, thing, or service

In any such case, the bid specification shall provide a time period, before and/or after the award of the contract, for the contractor to submit data substantiating the request for substituting the designated material, product, thing, or service. If no such time period is specified, the contractor may submit the data within 35 days after the award of the contract.

When the bid is for a roof project, a material, product, thing, or service is considered "equal" to that designated if it is equal in quality, durability, design, and appearance; will perform the intended function equally well; and conforms substantially to the detailed requirements in the bid specification. (Public Contract Code 3002)

However, the Superintendent or designee may designate a specific material, product, thing, or service by brand or trade name, also known as sole sourcing, if the Board has made a finding, described in the invitation for bids or request for proposals (RFP), that a particular material, product, thing, or service is designated for any of the following purposes: (Public Contract Code 3400)

1. To conduct a field test or experiment to determine its suitability for future use
2. To match others in use on a particular public improvement that has been completed or is in the course of completion
3. To obtain a necessary item that is only available from one source
4. To respond to the Board's declaration of an emergency, so long as the declaration has been approved by four-

fifths of the Board when issuing the invitation for bid or RFP

Bids Not Required

Without taking estimates or advertising for bids, supplementary textbooks, library books, educational films, audiovisual materials, test materials, workbooks, instructional computer software packages, or periodicals may be purchased in any amount. (Public Contract Code 20118.3)

Perishable foodstuffs and seasonal commodities needed in the operations of cafeterias may be purchased through bid or on the open market. (Education Code 38083)

Bids shall not be required for day labor under circumstances specified in Public Contract Code 20114. Day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. (Public Contract Code 20114)

The district may purchase any surplus property from the federal government or any of its agencies in any quantity needed for the operation of its schools without taking estimates or advertising for bids. (Education Code 17602)

Policy 3311.1: Uniform Public Construction Cost Accounting Procedures

Status: DRAFT

Original Adopted Date: 12/01/2016

In awarding contracts for public works projects involving district facilities, the Governing Board desires to obtain the best value to the district and ensure the qualifications of contractors to complete the project in a satisfactory manner. The Board has, by resolution, adopted the procedures set forth in the Uniform Public Construction Cost Accounting Act (UPCCAA) pursuant to Public Contract Code 22030-22045, including the informal bidding procedures when allowed by law.

The Board delegates to the Superintendent or designee the responsibilities to award any contract eligible for informal bidding procedures and to develop plans, specifications, and working details for all public projects requiring formal bidding procedures.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading legal requirements for competitive bidding. (Public Contract Code 22033)

If after the first invitation of bids pursuant to informal or formal bidding procedures under UPCCAA all bids are rejected, the Board may, by passage of a resolution by four-fifths vote, declare the project can be performed more economically by the employees of the district. (Public Contract Code 22038)

Projects awarded through UPCCAA shall be subject to the cost accounting procedures established by the California Uniform Construction Cost Accounting Commission. (Public Contract Code 22030)

Emergency Actions

When formal bids are required by law, but an emergency necessitates immediate repair or replacements, the Board may, upon a four-fifths vote of the Board, proceed to replace or repair a facility without adopting plans, specifications, strain sheets, or working details, or giving notice for bids to let contracts. The work may be done by day labor under the direction of the Board and/or contractor. The emergency action shall subsequently be reviewed by the Board in accordance with Public Contract Code 22050 and shall be terminated at the earliest possible date that conditions warrant, so that the remainder of the emergency action may be completed by giving notice for bids to let contracts. (Public Contract Code 1102, 22035, 22050)

Such notice shall be mailed at least two business days prior to the hearing at which the district intends to reject the bid.

- iii. If no bids are received through the formal bid procedure, the project may be performed by district employees by force account or negotiated contract

Policy 3312: Contracts

Status: DRAFT

Original Adopted Date: 11/01/2003 | **Last Revised Date:** 12/13/2023

The Governing Board recognizes its responsibility to enter into contracts on behalf of the district for the acquisition of equipment, supplies, services, and other resources necessary for the achievement of district goals. In exercising this authority to enter into a contract, the Board shall ensure that the district's interests are protected and that the terms of the contract conform to any applicable legal standards, including, but not limited to, bidding requirements in Public Contract Code 20111.

Board members and district employees involved in the making of contracts on behalf of the district shall comply with applicable law and the district's conflict of interest policy, as specified in Board Bylaw 9270 - Conflict of Interest.

The Board may, by a majority vote, delegate to the Superintendent or designee the authority to enter into contracts on behalf of the district. To be valid or to constitute an enforceable obligation against the district, all such contracts must be approved and/or ratified by the Board. (Education Code 17604, 17605, 35161)

Unless otherwise exempt from disclosure under state or federal law, executed contracts for the purchase of goods or services, even if the contract contains provisions specifying that the contract is confidential or a proprietary record of the vendor, are public records to which members of the public shall have access. (Government Code 7928.801)

No contract shall prohibit a district employee from disparaging the goods or services of any contracting party. (Education Code 35182.5)

If the district utilizes a private labor compliance entity, the Superintendent or designee shall verify that the entity does not have a conflict of interest. (Labor Code 1771.8)

A private labor compliance entity is a third-party company hired by a district to perform labor compliance and enforcement activities on public works projects on the district's behalf. (Labor Code 1771.8)

A conflict of interest is a situation in which a private labor compliance entity performs labor compliance work under contract for both the district and a contractor who is bidding a public works project for the district. (Labor Code 1771.8)

If the district's private labor compliance entity seeks to respond to an alleged conflict of interest, the Superintendent or designee shall confer with the entity and/or the contractor regarding the applicable contracts and relevant public works law. (Labor Code 1771.8)

Contracts for Non-Nutritious Foods or Beverages

The district shall not enter into or renew a contract for the sale of foods or beverages that do not meet applicable nutritional standards specified in Education Code 49431-49431.7, 5 CCR 15500-15501 or 15575-15578, or 7 CFR 210.11 or 220.12, unless the contract specifies that such sale will occur off campus or outside the time restriction specified in applicable law.

Before the district enters into or renews a contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods as defined in law, the Board shall ensure that the district has sufficient internal controls in place to protect the integrity of public funds and to ensure that funds raised as a result of the contract benefit public education. (Education Code 35182.5)

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include, but are not limited to, the following:

1. Procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources, and integrity of every employee responsible for handling money or property

Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.

2. Procedures to ensure that district personnel do not handle cash or product at the school site

The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

To ensure that funds raised by the contract benefit district schools and students:

1. The Superintendent or designee may invite parents/guardians, students, staff, and interested community members to make recommendations regarding the contract, including recommendations as to how the funds will be spent in a manner that benefits public education
2. Prior to ratifying the contract, the Board shall designate the specific programs and activities that will be funded by the proceeds of the contract and consider how the contract reflects the district's vision and goals
3. The contract shall specify that the contractor report, on a quarterly basis, to the Superintendent or designee the number of food items or beverages sold within the district and the amount of money raised by the sales

The Superintendent or designee shall report these amounts to the Board on a regular basis.

4. The Superintendent or designee shall ensure that the contract does not limit the ability of student and parent organizations to plan and operate fundraising activities

Any contract for the sale or advertisement of non-nutritious foods or carbonated or non-nutritious beverages shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal. (Education Code 35182.5)

The Board shall not enter into or renew any contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, on non-nutritious foods until parents/guardians, students, and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled Board meeting. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting. (Education Code 35182.5)

The public hearing shall include, but not be limited to, a discussion of the nutritional value of foods and beverages sold within the district; the availability of fresh fruit, vegetables, and grains in school meals and snacks, including locally grown and organic produce; the amount of fat, sugar, and additives in the foods and beverages discussed; and barriers to student participation in school breakfast and lunch programs. (Education Code 35182.5)

The contract shall be a public record and shall be accessible to the public. The district may not include a confidentiality clause that would prevent the district or a district school from making any part of the contract public and may not enforce any such clause included by a contracting party. (Education Code 35182.5; Government Code 7928.801)

Contracts for Electronic Products or Services

The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board: (Education Code 35182.5)

1. Enters into the contract at a noticed public hearing of the Board
2. Makes a finding that the electronic product or service is or would be an integral component of the education of students
3. Makes a finding that the district cannot afford to provide the electronic product or service unless it contracts to permit dissemination of advertising to students
4. As part of the district's normal, ongoing communication to parents/guardians, provides written notice that the advertising will be used in the classroom or other learning centers
5. Offers parents/guardians the opportunity to request in writing that the student not be exposed to the program that contains the advertising

A request shall be honored for the school year in which it is submitted, or longer if specified, but may be withdrawn by the parents/guardians at any time.

Contracts for Digital Storage and Maintenance of Student Records

The district may enter into or renew a contract with a third party for the purpose of providing services, including cloud-based services, for the digital storage, management, and retrieval of student records and/or to provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use student records. For these purposes, student records include any information maintained by the district that is directly related to a student and any information acquired directly from the student through the use of instructional software or applications assigned to the student by a teacher or other district employee, and do not include de-identified information. (Education Code 49073.1)

Any such contract shall contain all of the following: (Education Code 49073.1)

1. A statement that student records continue to be the property of and under the control of the district
2. If applicable, a description of the means by which students may retain possession and control of their own student-generated content, as defined in Education Code 49073.1, including options by which a student may transfer student-generated content to a personal account
3. A prohibition against the third party using any information in the student record for any purpose other than those required or specifically permitted by the contract
4. A description of the procedures by which a parent/guardian or a student age 18 years or older may review personally identifiable information in the student's records and correct erroneous information
5. A description of the actions the third party will take, including the designation and training of responsible individuals, to ensure the security and confidentiality of student records
6. A description of the procedures for notifying the affected parent/guardian, or the affected student if age 18 years or older, in the event of an unauthorized disclosure of the student's records
7. A certification that a student's records shall not be retained or available to the third party upon completion of the terms of the contract and a description of how that certification will be enforced, except that these requirements shall not apply to student-generated content if the student chooses to establish or maintain an account with the third party for the purpose of storing that content
8. A description of how the district and the third party will jointly ensure compliance with the federal Family Educational Rights and Privacy Act, 20 USC 1232g
9. A prohibition against the third party using personally identifiable information in student records to engage in targeted advertising

Contracts for Personal Services

In order to achieve cost savings, the district may enter into or renew a contract for any personal service that is currently or customarily performed by classified employees if the contract does not displace district employees and meets other conditions specified in Education Code 45103.1. To enter into or renew such a contract, the Board shall ensure that the district meets the conditions specified in Education Code 45103.1.

In addition, the district may enter into or renew any contract for personal service without meeting the conditions described above, if any of the following conditions exist: (Education Code 45103.1)

1. The contract is for new district functions and the Legislature has specifically mandated or authorized the performance of the work by independent contractors
2. The services contracted are not available within the district, cannot be performed satisfactorily by district employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the district
3. The services are incidental to a contract for the purchase or lease of real or personal property, including, but

not be limited to, agreements to service or maintain office equipment or computers that are leased or rented

4. The district's policy, administrative, or legal goals and purposes cannot be accomplished through the utilization of persons selected pursuant to the regular or ordinary district hiring process
 5. The nature of the work is such that the criteria for emergency appointments, as defined in Education Code 45103.1, apply
 6. The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the district in the location where the services are to be performed
 7. The services are of such an urgent, temporary, or occasional nature that the delay that would result from using the district's regular or ordinary hiring process would frustrate their very purpose
-

Policy 3516.5: Emergency Schedules

Status: DRAFT

Original Adopted Date: 12/01/1992 | **Last Revised Date:** 01/12/2022

In order to provide for the safety of students and staff, the Governing Board authorizes the Superintendent or designee to close a school site, change the regular school day schedule, or take any necessary action when hazardous environmental, health, or weather conditions, or other emergencies, warrant.

When an emergency condition causes a school closure, reduction in attendance, or change in schedule pursuant to Education Code 41422 or 46392, thereby preventing the district from complying with the minimum number of instructional days or minutes required by law, the Superintendent or designee shall complete and submit to the Superintendent of Public Instruction (SPI) the necessary forms and/or affidavits for obtaining approval of apportionment credit for the days of the closure, reduction in attendance, or change in schedule. The Superintendent or designee shall submit other relevant district records as may be required.

For school closures or material decreases in attendance due to emergency events that occur between September 2, 2021 and June 30, 2026, the Superintendent or designee shall certify in the affidavit submitted to the SPI that the district has a plan for offering independent study within 10 instructional days of the school closure to any student impacted by the emergency condition. The plan shall address the establishment, within a reasonable time, of independent study master agreements as specified in Board Policy 6158 - Independent Study, and require reopening in person as soon as possible once allowable under the direction from the city or county health officer. (Education Code 46393)

For school closures or material decreases in attendance due to emergency events occurring on or after July 1, 2026, the Superintendent or designee shall certify in the affidavit submitted to the SPI that the district's comprehensive safety plan includes an instructional continuity plan, and that the district offered student engagement and instruction consistent with the instructional continuity plan, or that it did not do so due to extenuating circumstances. (Education Code 46393)

The Superintendent or designee shall establish a system for informing students and parents/guardians with timely notice in advance of any changes to the school day, a school closure, or if school buses are not operating as scheduled. The district's notification system shall include, but is not limited to, notifying local television, streaming services, and/or radio stations; posting on district website(s) and/or social media account(s); sending email and text messages; and/or making telephone calls.

When the district makes any notification to students and/or parents/guardians utilizing an automatic dialing-announcing device, the device shall be operated by a person who shall follow all procedures required by law prior to operating the device, and disconnect the device from the telephone line upon the termination of the call. (Public Utilities Code 2874)

Whenever the school day schedule changes after students have arrived at school, the Superintendent or designee shall ensure that students are supervised in accordance with the procedures specified in Board Policy/Administrative Regulation 3516 - Emergencies and Disaster Preparedness Plan.

The Superintendent or designee may provide a means to make up lost instructional time later during the year.

Policy 3580: District Records

Status: DRAFT

Original Adopted Date: 11/01/2009 | **Last Revised Date:** 06/23/2021

The Governing Board recognizes the importance of securing and retaining district documents. The Superintendent or designee shall ensure that district records are developed, maintained, and disposed of in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall consult with district legal counsel, site administrators, district information technology staff, personnel department staff, and others as necessary to develop a secure document management system that provides for the storage, retrieval, archiving, and destruction of district documents, including electronically stored information such as email. This document management system shall be designed to comply with state and federal laws regarding security of records, record retention and destruction, response to "litigation hold" discovery requests, and the recovery of records in the event of a disaster or emergency.

The Superintendent or designee shall ensure the confidentiality of records as required by law and shall establish regulations to safeguard data against damage, loss, or theft, including damage, loss, or theft which may be caused by cybersecurity breaches.

The Superintendent or designee shall ensure that employees receive information about the district's document management system, including retention and confidentiality requirements and an employee's obligations in the event of a litigation hold or California Public Records Act request established on the advice of legal counsel. Additionally, the Superintendent or designee shall ensure that employees receive information and training about cybersecurity, including ways to protect district records from breaches to the district's digital infrastructure.

If the district discovers or is notified that a breach in the security of district records has resulted in the release of personal information, the Superintendent or designee shall notify every individual whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person, if that information was either unencrypted or encrypted under the circumstances specified in Civil Code 1798.29. "Personal information" includes, but is not limited to, a social security number, driver's license or identification card number, medical information, health insurance information, or an account number in combination with an access code or password that would permit access to a financial account. (Civil Code 1798.29)

The Superintendent or designee shall provide the notice in a timely manner either in writing or electronically, unless otherwise provided in law. The notice shall include the material specified in Civil Code 1798.29, be formatted as required, and be distributed in a timely manner, consistent with the legitimate needs of law enforcement to conduct an uncompromised investigation or any measures necessary to determine the scope of the breach and restore reasonable integrity of the data system. (Civil Code 1798.29)

If the district experiences a cyberattack that impacts more than 500 students or personnel, the Superintendent or designee shall report the cyberattack to the California Cybersecurity Integration Center. (Education Code 35266)

Safe at Home Program

District public records shall not include the actual addresses of students, parents/guardians, or employees when a substitute address is designated by the Secretary of State pursuant to the Safe at Home program. (Government Code 6206, 6207)

When a substitute address card is provided pursuant to this program, the confidential, actual address may be used only to establish district residency requirements for enrollment and for school emergency purposes.

Records containing a participant's confidential address information shall be kept in a confidential location and not shared with the public.

Classification of Records

Records means all records, maps, books, papers, and documents of a school district required by law to be prepared or retained as necessary or convenient to the discharge of official duty. (5 CCR 16020)

Before January 1, the Superintendent or designee shall review the prior year's records and shall classify them as either a Class 1 (Permanent), Class 2 (Optional), or Class 3 (Disposable) record. (5 CCR 16022)

Records of a continuing nature, such as documents that are active and useful for administrative, legal, fiscal, or other purposes over a period of years, shall not be classified until such usefulness has ceased. (5 CCR 16022)

Any historical inventory of equipment shall be a continuing record and shall not be classified until the inventory is superseded or until the equipment is removed from district ownership. (5 CCR 16022)

A student's cumulative record, if not transferred, is a continuing record until the student ceases to be enrolled in the district. (5 CCR 16022)

When an electronic or photographed copy of a Class 1 (Permanent) record has been made, the copy may be classified as Class 1 (Permanent) and the original classified as either Class 2 (Optional) or Class 3 (Disposable). However, no original record that is basic to any required audit may be destroyed prior to the second July 1st succeeding the completion of the audit. (Education Code 35254; 5 CCR 16022)

Class 1 - Permanent Records

The original of each of the following records, or one exact copy of it when the original is required by law to be filed with another agency, is a Class 1 (Permanent) record and shall be retained indefinitely unless microfilmed in accordance with 5 CCR 16022: (5 CCR 16023)

1. Annual Reports

- a. Official budget
- b. Financial reports of all funds, including cafeteria and student body funds
- c. Audit of all funds
- d. Average daily attendance, including Period 1 and Period 2 reports
- e. Other major annual reports, including:
 - i. Those containing information relating to property, activities, financial condition, or transactions
 - ii. Those declared by Governing Board minutes to be permanent

2. Official Actions

- a. Minutes of the Board or Board committees, including the text of rules, regulations, policies, or resolutions not set forth verbatim in the minutes, but included by reference only
- b. The call for and the result of any elections called, conducted, or canvassed by the Board
- c. Records transmitted by another agency pertaining to its action with respect to district reorganization

3. Personnel Records

Class 1 (Permanent) records include all detailed records relating to employment; assignment; amounts and dates of service rendered; termination or dismissal of an employee in any position; sick leave record; rate of compensation, salaries, or wages paid; and deductions or withholdings made and the person or agency to whom such amounts were paid.

In lieu of the detailed records, a complete proven summary payroll record for each employee containing the same data may be classified as a Class 1 (Permanent) record and the detailed records may then be classified as Class 3 (Disposable) records.

Information of a derogatory nature as defined in Education Code 44031 shall be retained as a Class 1 (Permanent) record only when the time for filing a grievance has passed or the document has been sustained by the grievance process.

4. Student Records

The records of enrollment and scholarship for each student required by 5 CCR 432 and all records pertaining to any accident or injury involving a minor for which a claim for damages had been filed as required by law shall be classified as Class 1 (Permanent) records.

These include any related policy of liability insurance, except that these records cease to be Class 1 (Permanent) records one year after the claim has been settled or the statute of limitations has expired.

5. Property Records

Class 1 (Permanent) records include all detailed records relating to land, buildings, and equipment.

In lieu of detailed records, a complete property ledger may be classified as a Class 1 (Permanent) record. The detailed records may then be classified as Class 3 (Disposable) records if the property ledger includes all fixed assets; an equipment inventory; and, for each piece of property, the date of acquisition, name of previous owner, a legal description, amount paid, and comparable data if the unit is disposed of.

Class 2 - Optional Records

Any records considered temporarily worth keeping, but which are not Class 1 records, may be classified as Class 2 (Optional) records and shall be retained until reclassified as Class 3 (Disposable) records. If, by agreement of the Board and Superintendent or designee, classification of the prior year records has not been made before January 1 as specified in 5 CCR 16022, all records of the prior year may be classified as Class 2 (Optional) records pending further review and classification within one year. (5 CCR 16024)

Class 3 - Disposable Records

All records not classified as Class 1 (Permanent) or as Class 2 (Optional) records shall be classified as Class 3 (Disposable) records. These include, but are not limited to, detailed records basic to audit, including those relating to attendance, average daily attendance, or business or financial transactions; detailed records used in preparing another report; teachers' registers if all information required by 5 CCR 432 is retained in other records or if the General Records pages are removed from the register and classified as Class 1 (Permanent) records; and periodic reports, including daily, weekly, and monthly reports, bulletins, and instructions. (5 CCR 16025)

All Class 3 (Disposable) records shall be destroyed during the third school year after the school year in which the records originated. In addition, Class 3 (Disposable) records shall not be destroyed until after the third school year following the completion of any legally required audit or the retention period required by any agency other than the State of California, whichever is later. A continuing record shall not be destroyed until the fourth year after it has been classified as a Class 3 (Disposable) record. (5 CCR 16026, 16027)

Electronically Stored Information

All electronically stored information related to the conduct of district business, including information created, saved, sent, or received on a district employee's or Board member's personal account or device, shall be saved as an electronic file to a district-provided account or device and retained in accordance with the section "Classification of Records" above. Such information includes, but is not limited to, email, text messages, messages sent via apps,

computer files, and other electronic communications related to district business. All records, including electronic documents, should be organized and filed for easy retrieval based on information contained in, and the purpose of, the record.

Employees shall be required to regularly purge their email accounts and district-issued computers, cell phones, and other communication devices of personal electronically stored information and other information unrelated to district business. The Superintendent or designee may check for appropriate use of any district-owned equipment at any time.

Any person to whom a district-owned computer, cell phone, or other electronic communication device is provided shall be notified about the district's electronic information management system and, as necessary, provided training on the effective use of the device.

Policy 4151: Employee Compensation

Status: DRAFT

Original Adopted Date: 02/01/1997 | **Last Revised Date:** 12/13/2023

In order to recruit and retain employees committed to the district's goals for student learning, the Governing Board recognizes the importance of offering a competitive compensation package that includes salaries and health and welfare benefits.

The Board shall adopt separate salary schedules for certificated, classified, and supervisory and administrative personnel that comply with law and applicable collective bargaining agreements. (Education Code 45022, 45160, 45162, 45268)

Each certificated employee, except an employee in an administrative or supervisory position, shall be classified on the salary schedule on the basis of uniform allowance for education level and years of experience, unless the Board and employee organization negotiate and mutually agree to a salary schedule based on different criteria. Certificated employees shall not be placed in different classifications on the schedule, nor paid different salaries, solely on the basis of the grade levels at which they teach. (Education Code 45028)

Salary schedules for staff who are not a part of a bargaining unit shall be determined by the Board at the recommendation of the Superintendent or designee.

The salary schedules adopted by the Board shall be printed and made available for review at the district office. (Education Code 45023)

Additionally, by January 31, 2026, and annually thereafter, the Superintendent or designee shall complete the Salary and Benefit Schedule for Bargaining Units (Form J-90) for classified and certificated staff assigned to a district school site and report the Form J-90 to the California Department of Education. (Education Code 42238.016)

Unless otherwise provided for in any applicable collective bargaining agreement, district employees shall be paid Monthly and in 10, 11, or 12 equal payments over the year. However, if the district participates in the Classified School Employee Summer Assistance Program, eligible classified employees may elect to have up to 10 percent of the employee's monthly salary withheld and paid out during the summer recess in either one or two payments. (Education Code 45038, 45039, 45048, 45165, 45500)

The Superintendent or designee shall post a notice explaining the Fair Labor Standards Act's wage and hour provisions in a conspicuous place at each work site. (29 CFR 516.4)

Overtime Compensation

District employees shall be paid an overtime rate of not less than one and one-half times their regular rate of pay for any hours worked in excess of eight hours in one day and/or 40 hours in one work week. However, teachers, school administrators, and other employees in positions established by the Board as executive, administrative, or professional shall be exempt from overtime rules. (Education Code 45128, 45130; 29 USC 213; 29 CFR 541.204, 541.303, 541.600, 553.27, 553.32)

If the district requires a classified employee in an exempt position to work on a holiday designated in law or by the Board, the employee shall be paid the regular pay for that day plus compensation or compensatory time off at a rate not less than the employee's normal rate of pay. (Education Code 45130)

When authorized in a collective bargaining agreement or other agreement between the district and employees, an employee may take compensatory time off in lieu of overtime compensation, provided the employee has not accrued compensatory time in excess of the limits specified in 29 USC 207. An employee who has requested the use of compensatory time shall be allowed to use such time within 12 calendar months following the month the overtime was worked if the use of the compensatory time does not unduly disrupt district operations. (Education Code 45129; 29 USC 207; 29 CFR 553.20-553.25)

For each nonexempt employee, the Superintendent or designee shall maintain records on the employee's wages, hours, and other information specified in 29 CFR 516.5-516.6.

Wage Overpayment

If the district determines an employee has been overpaid, the district shall notify the employee in writing of the overpayment, afford the employee an opportunity to respond before commencing any recoupment actions, and inform the employee of the employee's rights to dispute the existence or amount of the claimed overpayment. If the employee agrees there was an overpayment in the claimed amount, reimbursement shall be made to the district through one of the methods described in Education Code 44042.5, as mutually agreed upon by the employee and the district. (Education Code 44042.5)

If a mutual agreement on a method of reimbursement is not reached, within 30 days of the employee verifying the overpayment amount, the district shall recoup the overpayment through payroll deductions in accordance with Education Code 44042.5.

If the employee does not respond or disputes the existence or amount of the district's claimed overpayment, the district may only recover the overpayment after pursuing appropriate legal action. (Education Code 44042.5)

If the employee separates from the district before the overpayment is fully repaid, the district shall withhold the remaining balance due from any money owed to the employee upon separation, provided that the state minimum wage is still paid to the employee as required by Education Code 44042.5. The Superintendent or designee may consult with legal counsel to calculate the amount to withhold.

If an outstanding overpayment balance still remains, the district may exercise any legal means to recover the remaining amount owed by the employee. (Education Code 44042.5)

Legal action to recover any overpayment under this policy shall be initiated within three years from the date of the overpayment, which for leave credits is the date that the employee receives compensation in exchange for leave erroneously credited to the employee. (Education Code 44042.5)

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, discussed, or referred to with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. 4. Removing other students from the immediate area as soon as possible

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate steps to ensure the student's readiness for return to school and determine the need for ongoing support.

3. If the student was previously served under the Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004), and upon request of the student's parent/guardian, the Superintendent or designee shall invite the Infant and Toddlers with Disabilities Coordinator or other representative of the early education or early intervention system to the initial IEP team meeting to assist with the smooth transition of services (Education Code 56341; 20 USC 1414; 34 CFR 300.321)

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian and the district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. Even if the meeting involves a discussion of the IEP team member's area of the curriculum or related service, the member may be excused from the meeting if the parent/guardian, in writing, and the district consent to the excusal after conferring with the member and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (Education Code 56043, 56341; 20 USC 1414; 34 CFR 300.321)

Contents of the IEP

- b. Meet each of the student's other educational needs that result from the exceptional need
3. A description of the manner in which the student's progress toward meeting the annual goals described in Item #2 above will be measured and when the district will provide periodic reports on the progress the student is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards
4. A statement of the special education instruction and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student to:
 - a. Advance appropriately toward attaining the annual goals

 - c. Be educated and participate with other students with exceptional needs and students without exceptional needs in the activities described in the IEP

6. A statement of any appropriate individual accommodations necessary to measure the academic achievement and functional performance of the student on state and districtwide assessments

If the IEP team determines that the student shall take an alternate assessment instead of a particular regular state or districtwide assessment, the student's IEP shall also include a statement of the reason that the student cannot participate in the regular assessment and the reason that the particular alternate assessment selected is appropriate.

7. The projected date for the beginning of the services and modifications described in Item #4 above and the anticipated frequency, location, and duration of those services and modifications
8. If determined appropriate by the IEP team, when the student starts high school or not later than the first IEP to be in effect when the student is 16 years of age, or younger, and updated annually thereafter, the following:

 - b. The transition services, including courses of study, needed to assist the student in reaching those goals
9. A description of the means by which the IEP will be provided under emergency conditions, as described in Education Code 46392, in which instruction and/or services cannot be provided to the student either at the school or in person for more than 10 school days

10. Beginning at least one year before the student reaches age 18, a statement that the student has been informed of the rights, if any, that will transfer to the student upon reaching age 18, pursuant to Education Code 56041.5
11. For a student in grades 7-12, any alternative means and modes necessary for the student to complete the district's prescribed course of study and to meet or exceed proficiency standards required for graduation
12. For a student whose native language is not English, linguistically appropriate goals, objectives, programs, and services

13. Extended school year services when the IEP team determines, on an individual basis, that the services are necessary for the provision of a free appropriate public education (FAPE)
14. If the student is to be transferred from a special class or nonpublic, nonsectarian school into a general education program in a public school for any part of the school day, provision for transition into the general education program including descriptions of activities intended to:

 - b. Support the transition of the student from the special education program into the general education program
15. For a student with low incidence disabilities, specialized services, materials, and equipment consistent with the guidelines pursuant to Education Code 56136

To assist a student who is blind, has low vision, or is visually impaired to achieve the student's maximum potential, the IEP team may consider instruction in the expanded core curriculum, including compensatory skills such as Braille, concept development, or other skills needed to access the core curriculum; orientation and mobility; social interaction skills; career technical education; assistive technology, including optical devices; independent living skills; recreation and leisure; self-determination; and sensory efficiency. When appropriate, such services may be offered before or after school. (Education Code 56353)

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Superintendent or designee shall ensure that a meeting to develop an initial IEP is conducted. (Education Code 56043; 34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56043, 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56040.6, 56341.1, 56345; 20 USC 1414; 34 CFR 300.324)

1. The strengths of the student
2. The concerns of the parents/guardians for enhancing the education of their child
3. The results of the initial or most recent assessment of the student
4. The academic, developmental, and functional needs of the student
5. In the case of a student whose behavior impedes the student's learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior
6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP
7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment

of the student's reading and writing skills, needs, and appropriate reading and writing media, including an assessment of future needs for instruction in Braille or the use of Braille.

8. The communication needs of the student and, in the case of a student who is deaf, hard of hearing, or deaf-blind, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider placements, related services, and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services, including artificial intelligence devices and services

If, in considering the special factors in Items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The district shall ensure that, as soon as possible following development of the IEP, special education and related services are made available to the student in accordance with the IEP. (Education Code 56344; 34 CFR 300.323)

The Superintendent or designee shall ensure that the student's IEP is accessible to each general education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Superintendent or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

If an orientation and mobility evaluation is determined to be needed for a student who is blind, has low vision, or is visually impaired, the evaluation shall be conducted by a person who is appropriately certified as an orientation and mobility specialist and shall occur in familiar and unfamiliar environments, in varying lighting conditions, and in the home, school, and community, as appropriate. The Superintendent or designee may require annual written parent/guardian consent to provide orientation and mobility services when such services are provided before or after school and when they are provided away from the school site. (Education Code 56354; 5 CCR 3051.3)

If a student's IEP requires the provision of assistive technology devices or services, including artificial intelligence services, the district shall provide such devices or services and shall, on a case-by-case basis, provide for the use of school-purchased devices or services in the student's home or other settings if the IEP team determines that the student needs access to those devices or services in order to receive FAPE. If a student who requires the use of an assistive technology device or services transfers to another local educational agency, the district shall provide the student with continued access to that device or services or a comparable device or service for two months from the date the student ceased to be enrolled in the district or until alternative arrangements can be made to provide access to the device, whichever occurs first. (Education Code 56040.3; 34 CFR 300.105)

Review and Revision of the IEP

The Superintendent or designee shall ensure that the IEP team reviews the IEP periodically, but at least annually, in order to: (Education Code 56043, 56341.1, 56380; 20 USC 1414; 34 CFR 300.324)

1. Determine whether the annual goals for the student are being achieved
2. Revise the IEP, as appropriate, to address:
 - a. Any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate
 - b. The results of any reassessment conducted pursuant to Education Code 56381

- c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 34 CFR 300.305 and Education Code 56381
- d. The student's anticipated needs
- e. Any other relevant matter

3. Consider the special factors listed in Items #5-9 above, under "Development of the IEP," when reviewing the IEP of any student with an exceptional need to whom one of those factors may apply

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with an exceptional need by submitting a written request to the Superintendent or designee. The Superintendent or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Superintendent or designee shall convene an IEP team meeting, which shall be held within 30 days of the Superintendent or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414; 34 CFR 300.324)

If a student with an exceptional need residing in a licensed children's institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the Superintendent or designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

To the extent possible, the Superintendent or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414; 34 CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Superintendent or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Superintendent or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (Education Code 56380.1; 20 USC 1414; 34 CFR 300.324)

Audio Recording of IEP Team Meetings

Parents/guardians and the Superintendent or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the Superintendent or designee gives notice of intent to audio record a meeting and the parent/guardian objects or refuses to attend because the meeting would be audio recorded, the meeting shall not be audio recorded. Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings
2. Request that an audio recording be amended if they believe it contains information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights

3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights

Parent/Guardian Participation and Other Rights

The Superintendent or designee shall take steps to ensure that one or both of the parents/guardians of the student with an exceptional need are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall send parents/guardians notices of IEP team meetings that: (Education Code 56341.5; 34 CFR 300.322)

1. Indicate the purpose, time, and location of the meeting
2. Indicate who will be in attendance at the meeting
3. Inform them of:
 - a. Their right to bring to the meeting other individuals who have knowledge or special expertise about the student, pursuant to Education Code 56341
 - b. The provision of Education Code 56341 relating to the participation of the Infant and Toddlers with Disabilities Coordinator at the initial IEP team meeting, if the student was previously served under Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004)

Additionally, when the IEP team meeting is to consider the development, review, or revision of the IEP of a student with an exceptional need who is 16 years of age or older, or younger than 16 if deemed appropriate by the IEP team, the Superintendent or designee's notice to the student's parents/guardians shall include the following: (Education Code 56341.5)

1. An indication that a purpose of the meeting will be the consideration of postsecondary goals and transition services for the student pursuant to Education Code 56345.1, 20 USC 1414, and 34 CFR 300.320
2. An indication that the student is invited to the IEP team meeting

At each IEP team meeting convened by the district, the district administrator or specialist on the team shall inform the parent/guardian and student of the federal and state procedural safeguards included in the notice of parental rights provided pursuant to Education Code 56321. (Education Code 56500.1)

The parent/guardian shall have the right and opportunity to examine all of the student's school records upon request, before any IEP meeting, and in connection with any hearing or resolution session on matters affecting the student, including, but not limited to, initial formal assessment, procedural safeguards, and due process. Upon receipt of an oral or written request, the Superintendent or designee shall provide complete copies of the records within five business days. (Education Code 56043, 56504)

The parent/guardian shall have the right to present information to the IEP team in person or through a representative and the right to participate in meetings that relate to eligibility for special education and related services, recommendations, and program planning. (Education Code 56341.1)

If neither parent/guardian can attend the meeting, the Superintendent or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (Education Code 56341.5; 20 USC 1414; 34 CFR 300.322)

An IEP team meeting may be conducted without a parent/guardian in attendance if the Superintendent or designee is unable to convince the parent/guardian to attend. In such a case, the Superintendent or designee shall maintain a record of the attempts to arrange a mutually agreed upon time and place for the meeting, including: (Education Code 56341.5; 34 CFR 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

The Superintendent or designee shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall give the parents/guardians of a student with an exceptional need a copy of the IEP at no cost. (Education Code 56341.5; 34 CFR 300.322)

Parent/Guardian Consent for Provision of Special Education and Services

Before providing special education and related services to any student pursuant to 20 USC 1414, the Superintendent or designee shall seek to obtain informed consent of the student's parent/guardian. (Education Code 56346)

If the parent/guardian fails to respond or refuses to consent to the initiation of services, the district shall not use the due process hearing procedures pursuant to 20 USC 1415 to obtain agreement or a ruling that the services may be provided to the student. In such circumstances, the district shall not be required to convene an IEP team or develop an IEP for the student. (Education Code 56346)

If the parent/guardian consents in writing to the receipt of special education and related services for the student but does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. If the Superintendent or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415. While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Superintendent or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Superintendent or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Superintendent or designee shall not request a due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. (Education Code 56346; 34 CFR 300.300, 300.503)

Prior to the discontinuation of services, the Superintendent or designee may offer to meet with the parents/guardians to discuss concerns for the student's education. However, this meeting shall be voluntary on the part of the parent/guardian and shall not delay the implementation of the parent/guardian's request for discontinuation of services.

When the district ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with an exceptional need who is transferring into the district, the Superintendent or designee shall take reasonable steps to promptly obtain the student's records, including the IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from another school district within the same Special Education Local Plan Area (SELPA) during the school year, the district shall continue to provide services comparable to those described in the student's existing IEP, unless the student's parent/guardian and the district agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from a school district outside of the district's SELPA during the school year, the district shall provide the student with FAPE, including services comparable to those described in the previous district's IEP in consultation with the student's parent/guardian, for a period not to exceed 30 days. By the end of that period, the district shall either adopt the previous district's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from an out-of-state district during the school year, the district shall provide the student with FAPE, including services comparable to the out-of-state district's IEP, in consultation with the parent/guardian, until such time as the Superintendent or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (Education Code 56325; 34 CFR 300.323)

Policy 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1995 | **Last Revised Date:** 09/13/2023

The Governing Board recognizes its responsibility to provide a free appropriate public education to students with exceptional needs in accordance with law. When the district is unable to provide direct special education and/or related services to students with exceptional needs, the Board may enter into a contract with a nonpublic, nonsectarian school or agency (NPS/A) to meet student needs consistent with the comprehensive local plan of the Special Education Local Plan Area.

Prior to entering into a contract to place any student in an NPS/A, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with exceptional needs and complies with staff training requirements in accordance with Education Code 56366 and 56366.1.

Additionally, the Superintendent or designee, such as the district's liaison for foster youth, shall verify that for any student served by an NPS/A who is a foster youth, the NPS/A agrees to serve as the school of origin of the foster youth and allow the foster youth to continue the foster youth's education in the NPS/A in accordance with Education Code 56366.1.

The Superintendent or designee shall monitor, on an ongoing basis, the certification of any NPS/A with which the district has a contract to ensure that the certification has not expired.

Within 14 days of becoming aware of any change to the certification status of an NPS/A, including, but not limited to, receiving notification of a determination to suspend or revoke the certification of the NPS/A pursuant to Education Code 56366.4, the district shall notify, through email or regular mail, the parents/guardians of any district student who attends the NPS/A of the change in certification status, which includes a copy of procedural safeguards. The district shall maintain a record of such notice and make the notice available for inspection upon request by the California Department of Education. (Education Code 56366.45)

No district student with exceptional needs shall be referred to, or placed in, an NPS/A unless the student's individualized education program (IEP) team has determined that the placement is appropriate for the student. (Education Code 56342.1)

The district shall pay to the NPS/A the full amount of the tuition or fees, as applicable, for students with exceptional needs who are enrolled in programs or receiving services provided by the NPS/A pursuant to the contract. (Education Code 56365)

In accordance with law, any student with exceptional needs placed in an NPS/A shall have all the rights and protections to which students with exceptional needs are generally entitled, including, but not limited to, procedural safeguards, due process rights, and periodic review of the student's IEP.

During the period when any student with exceptional needs is placed in an NPS/A, the student's IEP team shall retain responsibility for monitoring the student's progress towards meeting the goals identified in the IEP.

The Superintendent or designee shall ensure that any contract with an NPS/A contains a requirement for the NPS/A to comply with district policy, procedures, and practices related to student rights, health, and safety, including the use of seclusion and restraint. All NPS/A staff that serve district students shall be made aware of, and trained in such policies, procedures, and practices.

The Superintendent or designee shall notify the Board prior to approving an out-of-state placement for any district student.

The Superintendent or designee may apply to the Superintendent of Public Instruction to waive any of the requirements of Education Code 56365, 56366, and 56366.6. (Education Code 56366.2)

Regulation 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1995 | **Last Revised Date:** 06/23/2021

Master Contract

Every master contract between the district and a nonpublic, nonsectarian school or agency (NPS/A) shall specify the general administrative and financial agreements for providing special education and designated instruction and services. The master contract shall be for a term not to exceed one year and shall be renegotiated prior to June 30. Provisions of the contract shall include, but not be limited to: (Education Code 56366; 5 CCR 3062)

1. Student-teacher ratios
2. Transportation specified in a student's individualized education program (IEP)

The contract shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by the district for students enrolled in the NPS/A unless provided directly or subcontracted by that NPS/A.
3. Procedures for recordkeeping and documentation
4. The maintenance of school records by the district to ensure that appropriate high school graduation credit is received by any participating student
5. An individual services agreement for each student, which will be negotiated for the length of time for which NPS/A special education and designated instruction and services are specified in the student's IEP
6. A description of the process to be utilized by the district to oversee and evaluate placements in the NPS/A, including a method for evaluating whether each student is making appropriate educational progress
7. Procedures and responsibilities for attendance and unexcused absences
8. General provisions related to modifications and amendments to the contract, waivers, disputes, contractor's status, conflicts of interest, termination, inspection and audits, compliance with applicable state and federal laws and regulations, and indemnification and insurance requirements
9. Payment schedules, including, but not limited to, payment amounts, payment demand, right to withhold, and audit exceptions

The contract may allow for partial or full-time attendance at the NPS/A. (Education Code 56366)

With mutual agreement of the district and NPS/A, changes may be made to the administrative and financial agreements in the master contract at any time, provided the change does not alter a student's educational instruction, services, or placement as outlined in the student's individual services agreement. (Education Code 56366)

The master contract or individual services agreement may be terminated for cause if either party gives 20 days' notice. However, the availability of a public education program initiated during the period of the contract shall not give cause for termination unless the parent/guardian agrees to transfer the student to the program. (Education Code 56366)

Placement and Services

For any student to be placed in an NPS/A, the Superintendent or designee shall develop an individual services agreement based on the student's IEP. Each individual services agreement shall specify the length of time authorized in the student's IEP for the NPS/A services, not to exceed one year. Changes in a student's educational instruction, services, or placement shall be made only on the basis of revisions to the student's IEP. (Education Code 56366)

At least once each year, the district shall: (Education Code 56366)

1. Evaluate the educational progress of each student placed in an NPS/A, including a review of state assessment results
2. During the annual meeting held to review the student's IEP pursuant to Education Code 56343, consider whether the student's needs continue to be best met at the NPS/A and whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting

Prior to the annual review of a student's IEP, the Superintendent or designee shall notify any high school district to which the student may transfer of the student's enrollment in an NPS/A. (5 CCR 3069)

When a special education student meets the district requirements for completion of the prescribed course of study as designated in the student's IEP, the district shall award the student a diploma of graduation. (5 CCR 3070)
